Press Release

From: Mayor Lisa Baldelli-Hunt

PHASE 3 OF STREET LIGHT REACTIVATION

I am pleased to announce that National Grid will be reactivating street lights in a portion of the upper Bernon neighborhood this evening. This marks the third phase of our reactivation program which will lead to the eventual relighting of the entire city of Woonsocket. We will continue to work diligently to identify additional cost savings and new revenue sources that will result in the completion of this important project.

Thank you,

Mayor Lisa Baldelli-Hunt
City of Woonsocket
