

Rate Schedule

Service Charge: This is a charge for maintenance and upkeep of the water service. It assures proper flow within the system so that water is available as needed. The quarterly charge is based on meter size and is charged to all customers.

Fire Protection Charge: Due to a change in law, your water bill now includes a separate Fire Protection Service Charge. This charge will not provide additional revenues to the Woonsocket Water Division. Instead, fire protection service was previously billed to the City of Woonsocket and paid for by the City of Woonsocket with property tax revenues. The Woonsocket City Council, as permitted by the recent change in law, voted to pass the quarterly cost on to Woonsocket ratepayers. Therefore, Woonsocket Water is now prohibited from charging the City of Woonsocket for fire protection service. The Rhode Island Public Utilities Commission approved the new charge on February 1, 2012.

R.I. Surcharge I: This is a charge required by the State of Rhode Island. The money paid to the Water Division, by you, is forwarded to the Rhode Island Water Resources Board. The charge is \$.079 per hundred (100) cubic feet. The applicable statute for this charge is Title 46, Chapter 15.3-10 of the general laws of the State of Rhode Island. This law was passed in 1987.

R.I. Surcharge II: This is a charge required by the State of Rhode Island. The money paid to the Water Division, by you, is forwarded to the General Treasurer of the State of Rhode Island. The charge is \$.14 per hundred (100) cubic feet. The applicable statute for this charge is Title 46, Chapter 15.3-10 of the general laws of the State of Rhode Island. This law was amended to reflect the additional charge in 1991.

Fire Service Charge: Applies to all private fire connection services served by the Woonsocket Water Division for service to private fire service connections owned and maintained by the customer, based on the size of the connection.

Conversion: 7.48 * Cubic Feet = Gallons
