**Mayor Announces Downtown Improvements-  
Message Board and Pavilion Lighting Reactivated**

**WOONSOCKET, RI:** If you take a ride downtown during the evening hours, The Mayor encourages you to check out a couple of improvements. New components were ordered and installed in the message board at River Island Park. The time, date and various messages will now be displayed as one travels on Bernon Street.

Also, coming as a bit of a surprise, lighting has been restored to the beautiful pavilion in the Market Square parking lot. This discovery has come to the attention of many who did not know it was lighted; the up-lighting and down-lighting have been repaired. The Mayor state, "That while these are not major issues, they show that the City is vibrant and paying attention. That's the message I'm trying to send," stated Mayor Baldelli-Hunt, "And the lighted pavilion looks quite stately."
