WETLANDS RESTORATION TRUMAN DRIVE – BID #6133  
QUESTIONS & ANSWERS  
4/13/23

Question 1: What is/are the appropriate Labor category/categories for which to request a prevailing wage determination from the Rhode Island Department of Labor?

**We cannot find a category that this bid would require prevailing wages.**

Question 2: What are the specified sizes for the plant materials?

**See attached Distribution of Quantities.**

Question 3: What are the specified sizes for the plant materials?

**Plant substitutions would need the approval of RIDEM**

Question 4: Is there a watering/maintenance and warranty expectation for the installed plant materials? If so, what is the warranted period?

**Plants should be guaranteed for one growing season, city to assume responsibility for watering.**

Question 5: What standards will need to be followed in the plant material selection and installation?

**RIDEM will be overseeing the planting and layout of the plants.**

Question 6: The site plan in the document is difficult to read. The size of the restoration area is undefined. Please provide the square footage (acreage) of the area.

**The restoration area is about 4,800 SF.**

Question 7: Google Earth Pro shows historic area use for possibly construction staging or excavation/grading. Will there be any site preparation done before planting?

**The area has already been cleared.**

Question 8: The contract specifications note a work completion date of May 1, 2023 that may conflict with award notification/contracting. Please clarify.

**We are still hoping to achieve this completion date.**
