Independent Auditor's Report

To the City Council of the City of Woonsocket, Rhode Island:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Woonsocket, Rhode Island ("the City"), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

Opinion

In our opinion the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Woonsocket, Rhode Island, as of June 30, 2019, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the general fund budgetary comparison information and the pension and other post-employment benefit plan related disclosure on the page numbers as indicated in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Woonsocket, Rhode Island's basic financial statements. The introductory section, combining an individual nonmajor fund financial statements, remaining budgetary comparison information, Annual Supplemental Transparency Report (MTP2) and trend information section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, the remaining budgetary comparison information and the Annual Supplemental Transparency Report (MTP2) are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, the remaining budgetary comparison information and the Annual Supplemental Transparency Report (MTP2) are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and trend information sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 18, 2020, on our consideration of the City of Woonsocket, Rhode Island's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Woonsocket, Rhode Island's internal control over financial reporting and compliance.

CITY OF WOONSOCKET, RHODE ISLAND

Management Discussion and Analysis

Year Ended June 30, 2019

The management of the City of Woonsocket, Rhode Island (herein, City), offers readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal years ended June 30, 2019 and 2018. We encourage readers to consider the information presented here in conjunction with the basic financial statements and notes to the financial statements.

The Governmental Accounting Standards Board (GASB) is the authoritative standard setting body that provides guidance on how to prepare financial statements in conformity with generally accepted accounting principles (GAAP). Users of these financial statements (such as investors and rating agencies) rely on the GASB to establish consistent reporting standards for all governments in the United States. This consistent application is the only way users (including citizens, the media, legislators and others) can assess the financial condition of one government compared to others.

Financial Highlights (Government-Wide Financial Statements)

- On a government-wide basis, liabilities and deferred inflows of resources of the City exceeded its assets and deferred outflows by \$184,406,565. Net position for the governmental activities was a deficit of \$255,286,153 and net position for business-type activities was \$70,879,588.
- On a government-wide basis, the City's total net position decreased by \$2,589,056. The decrease is due to a \$6,765,873 decrease in net position for the governmental activities and a \$4,176,817 increase for business-type activities.
- Governmental activities decreased mainly due to changes in the net OPEB liability as well as changes in the in pension liability related to the MERS, ERSRI and the police and fire plan. Capital assets also had depreciation expense exceeding current year additions by \$1,890,869.
- Business-type activities increased due to the rate structure approved in prior years that is funding future capital improvements for both the Water fund and the Regional Wastewater fund.
- The City's total bonded debt and notes payable increased by \$28,832,219 during the current fiscal year as a result of additions of Rhode Island Clean Water Revenue Bonds of \$42,792,496 net of related principal payments.
- The City's total capital assets increased by \$10,199,717 during the current fiscal year. Of the change, the governmental activities decreased by \$1,890,869 as a result of depreciation in excess of current year asset additions. The business type activities increased by \$12,090,586 as a result of current year asset additions in excess of depreciation. The most significant portion of the increase in the business type capital assets related to ongoing construction and capital improvement projects in the water enterprise fund that increased that fund's construction in progress amount by \$14,083,823.

Financial Highlights (Fund Financial Statements)

- The City's governmental funds reported a combined ending fund balance of \$22,978,169, a decrease of \$1,736,527 in comparison with the prior year. Of this amount, \$4,064,903 is available for spending at the government's discretion (unassigned fund balance). The decrease is due to paydowns of debt in the general fund of \$2,505,000 on the Davidson Avenue Landfill net with the positive operations of the general fund. This paydown of debt brings the outstanding balance on the Davidson Avenue Landfill debt to \$0 at June 30, 2019. The Woonsocket Education Department (herein, WED), which had positive operations of \$200,072, has fund balance totaling \$6,491,615.
- At the end of the current fiscal year, the unassigned fund balance in the City's General Fund was \$4,499,304. This represents 6.56% of GAAP expenditures.

CITY OF WOONSOCKET, RHODE ISLAND

Management Discussion and Analysis

Year Ended June 30, 2019

Overview of the Basic Financial Statements

This discussion and analysis is intended to serve as an introduction to the City of Woonsocket's basic financial statements. These basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. The government-wide financial statements provide both long-term and short-term information about the City as a whole. The fund financial statements focus the individual components of the City government, reporting the City's operations in more detail than the government-wide statements. Both presentations (government-wide and fund) allow the user to address relevant questions, broaden the basis of comparison and enhance the City's accountability. An additional part of the basic financial statements are the notes to the financial statements. The report also contains other required supplementary information and supplementary information in addition to the basic financial statements.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private sector business. The statements provide both short-term and long-term information about City's financial position, which assists in assessing the City's economic position at the end of the fiscal year.

The government-wide financial statements include two statements:

The *statement of net position* presents information on all of the City's assets, deferred outflows, liabilities and deferred inflows, with the difference between these accounts reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of the City's financial health. Other non-financial events such as the impact of changes in the City's tax base or infrastructure should also be considered when evaluating the City's financial health.

The *statement of activities* presents information showing how the City's net position changed during the year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of when the cash is actually received or paid. Therefore, revenues and expenses are reported in this statement for some items whose cash flow may occur in a future fiscal period. Taxes uncollected but levied or vacation leave unused but earned are examples of this.

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenue (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, planning and development, finance, law, public safety, public works, education, economic development, human services and debt service. The business-type activities of the City include the Water Fund, the Regional Wastewater Fund, the User Charge Fund and the WED Proprietary Fund.

The government-wide financial statements can be found on pages 22 through 25 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The funds of the City can be divided into the following three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental Funds - Governmental funds are used to account for the same functions reported as governmental activities in the government-wide financial statements. Unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. This information may be useful in evaluating a government's near-term financing requirements.

CITY OF WOONSOCKET, RHODE ISLAND

Management Discussion and Analysis

Year Ended June 30, 2019

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds to similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate a comparison between governmental funds and governmental activities.

For governmental funds, the City presents separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the general fund, City capital projects, City capital fund, WED capital fund, and WED unrestricted fund, all of which are considered to be major funds. The remaining City and WED governmental funds are combined, respectively, into a single, aggregated presentation. Individual fund data for each of the City's non-major governmental funds is provided in the form of combining statements elsewhere in this report. The City adopts an annual budget for its general fund and its WED unrestricted fund. Budgetary comparison statements have been provided to demonstrate compliance with their respective budgets.

Proprietary Funds - The City uses one type of proprietary funds. Enterprise funds are used to report the functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to report the activities of the Water Fund, the Regional Wastewater Fund, the User Charge Fund and the School Lunch Fund.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water Fund, the Regional Wastewater Fund, the User Charge Fund and School Lunch Fund. The Water Fund, the Regional Wastewater Fund, User Charge Fund and School Lunch Fund are considered major funds. The basic proprietary fund financial statements can be found on pages 30 through 33.

Fiduciary Funds - Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The basic fiduciary fund financial statements can be found on pages 34 and 35.

Notes to Financial Statements

The notes to financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to financial statements can be found starting on page 36 of this report.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the General Fund budgetary comparison and the City's progress in funding its obligation to provide pension and other post-employment benefits to employees. This and other supplementary information can be found immediately following the notes to financial statements.

Supplementary Information

In addition to the required supplementary, this report also presents other supplementary information concerning remaining budgetary comparison information, combining non major and individual fund financial statements, tax collector's annual report, and the MTP2 Municipal Transparency Portal. This other supplementary information can be found immediately following the required supplementary information.

Government-Wide Financial Analysis

As noted earlier, net position may, over time, serve as a useful indicator of a government's financial position. In the case of the City, liabilities and deferred inflows of resources exceeded assets and deferred outflows of resources

Restricted	8,317,555	13,111,534	37,318,845	6,562,803	45,636,400	19,674,337
Unrestricted	<u>(290,729,607)</u>	<u>(279,412,133)</u>	<u>23,211,147</u>	<u>22,865,969</u>	<u>(267,518,460)</u>	<u>(256,546,164)</u>
Total net position	<u>\$ (255,286,153)</u>	<u>\$ (248,520,280)</u>	<u>\$ 70,879,588</u>	<u>\$ 66,702,771</u>	<u>\$ (184,406,565)</u>	<u>\$ (181,817,509)</u>

The largest portion of the City's governmental activities net position is its "net investment in capital assets". Capital assets include land, construction in progress, buildings, improvements, machinery and equipment and infrastructure, less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. An additional portion of the City's net position represents resources that are subject to restrictions on how they may be used.

The remaining balance of unrestricted net position is a deficit of \$290,729,607 for the governmental activities, due largely to pension and OPEB liabilities that are required to be recorded by the Governmental Accounting Standards Board (GASB).

CITY OF WOONSOCKET, RHODE ISLAND
Management Discussion and Analysis
Year Ended June 30, 2019

Governmental Activities - Governmental activities resulted in a decrease of the City's net position by \$6,765,873. A discussion of fiscal year 2019 activity follows:

Revenues

Governmental activities revenues totaled \$166,951,444 for fiscal year 2019. This represents an increase of \$4,048,245 from the prior year. Operating grants and contributions are the largest revenue source for the City and represent 50.2% of revenues. Operating grants and contributions include grants for education, general government, public safety and public works. Property taxes are the second largest revenue source for the City and represent 38.4% of revenues. Current tax collections were 95.95% of the adjusted tax levy. Capital grants and contributions revenues, which include grants for school building construction and other general government activities, account for 0.2% of revenues. State and Federal aid not restricted to a specific program represents 5.9% of revenues. Charges for services account for 3.3% of revenues.

The most significant fluctuations from the prior year were as follows:

- Operating and capital grants and contributions increased by \$7,029,983 primarily due to increased WED state and federal aid.

CITY OF WOONSOCKET, RHODE ISLAND
 Management Discussion and Analysis
 Year Ended June 30, 2019

Expenses

Governmental expenses totaled \$173,550,959 for the fiscal year, an increase of \$15,080,502. Of the expenses, \$96,991,188 or 55.9% is related to education. Public safety expenses were \$23,614,548 or 13.6%, public works expenses amounted to \$14,528,408 or 8.4% and interest expense on long-term debt and other related costs were \$7,140,742 or 4.1%.

The most significant fluctuations from the prior year at the government-wide level were as follows:

- Legislative-general government increased \$11,937,801 due to changes in the pension and OPEB actuarial estimates
- Public safety decreased by \$9,570,364 due to changes in the pension and OPEB actuarial estimates.
- Education increased by \$5,039,844 due to decreased pension and OPEB expense.

Business-Type Activities - Business-type activities resulted in an increase to the City's net position of \$4,268,167. General revenues do not support the City's business-type activities; thus, the only source of revenues is from charges for services.

- Water Fund operations resulted in operating income of \$2,811,383. Total net position at the end of the year was \$33,450,521.
- The Regional Wastewater Fund reported operating income of \$3,335,111. Total net position at the end of the year was \$27,243,886.
- The User Charge Fund reported operating income of \$665,405 at year end. Total net position at the end of the year was \$9,149,781.
- Net position in the WED Proprietary Fund was \$1,035,400 at year end. Operations resulted in an increase in net position of \$37,621 due to transfer in of \$117,760.

CITY OF WOONSOCKET, RHODE ISLAND

Management Discussion and Analysis

Year Ended June 30, 2019

Financial Analysis of City's Funds

As stated earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds - The focus on the City's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of June 30, 2019, the City's governmental funds reported a combined ending fund balance of \$22,978,169, a decrease of \$1,736,527 in comparison with the prior year. Of this total amount, \$1,316,268 is nonspendable fund balance, \$8,317,350 is restricted fund balance, and \$9,279,443 constitutes committed fund balance. The remainder is unassigned fund balance of \$4,064,903.

- **General Fund.** The general fund is the chief operating fund of the City. At the end of the current fiscal year, the unassigned fund balance of the general fund was \$4,499,304, while total fund balance reached \$7,789,555. The City's total fund balance in the general fund decreased by \$3,254,148 during the current fiscal year primarily due to a lump sum payment on outstanding debt related to the Davison Avenue Landfill of \$2,505,000. This payment brought the outstanding balance on that borrowing to \$0 at June 30, 2019.
- **WED Unrestricted Fund.** This fund accounts for operations of the education department. Fund revenues and transfers in exceeded expenditures and transfers out by \$200,072 for the fiscal year.
- **City Capital Fund.** This fund accounts for operating surplus funding set aside for City capital projects as per a resolution enacted by the City of Woonsocket Budget Commission. The fund's expenditures and other transfers in exceeded revenues by \$728,200 for the fiscal year.
- **School Capital Fund.** These fund accounts for operating surplus funding set aside for Education Department capital projects as per a resolution enacted by the City of Woonsocket Budget Commission. The fund's revenues and transfers in exceeded expenditures and transfers out by \$205,331.
- **City Special Revenue.** This fund accounts specially financed programs under grants received from the Federal Government and the State of Rhode Island. The fund's revenues and other transfers in exceeded expenditures by \$345,196 for the fiscal year.
- **School Special Revenue Restricted Funds.** This fund accounts for specially financed Education Department programs under grants received from the Federal Government and the State of Rhode Island. Fund revenues and transfers in exceeded expenditures and transfers out by \$39,022 for the fiscal year.
- **Permanent Funds.** This fund accounts for funds held in trusts for public use. Fund expenditures and transfers in exceeded revenues and transfers out by \$200 for the fiscal year.

Proprietary Funds - The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. The City has four proprietary funds, the Water Fund, the Regional Wastewater Fund, the User Charge Fund and the WED Proprietary Fund. The individual fund's activities are discussed above under business-type activities.

Fiduciary Funds - Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The current year fiduciary funds include the Pension Trust Fund, the School's OPEB Trust Fund, the Private Purpose Trust Funds, and the Agency Funds.

CITY OF WOONSOCKET, RHODE ISLAND
 Management Discussion and Analysis
 Year Ended June 30, 2019

General Fund Budgetary Highlights

Budgetary Revenues and other financing sources exceeded expenditures and other financing uses by \$550,773. Of this \$550,773, City operations accounted for \$467,593 of the total, while School operations accounted for \$83,160 of the total. This operating result was primarily due to following:

- Property taxes received over budget by \$773,602
- Business licenses received over budget by \$505,704
- Public safety expenditures were lower than anticipated by \$502,618
- Miscellaneous expenditures higher than anticipated by \$1,192,771 mainly due to replenishment of capital funds

WED Unrestricted Fund Budgetary Highlights

Budgeted revenues and other financing sources exceeded expenditures and other financing uses by \$83,160. Major differences in the WED unrestricted fund budget to actual include:

- Medicaid claims exceeded budgeted amounts by \$646,284
- Employee benefits were lower than budgeted amounts by \$681,071
- Budgeted salary amounts exceeded actual amounts by \$423,492
- Budgeted purchased services were lower than actual amounts by \$1,028,850.

Capital Asset and Debt Administration

Capital Assets - The City's investment in capital assets (net of accumulated depreciation) for its governmental and business-type activities as of June 30, 2019 amounted to \$162,308,854 and \$113,896,373, respectively. This investment in capital includes land, construction in progress, buildings, improvements, machinery and equipment, vehicles and infrastructure. The total increase in the City's investment in capital assets for the current fiscal year was \$10,199,717.

Major capital asset events during the current fiscal year include the following:

- \$14,083,823 of construction in progress was added to business type activities, the majority of which relates to the new water plant project.

Additional information on the City's capital assets can be found in Note 6.

CITY OF WOONSOCKET, RHODE ISLAND

Management Discussion and Analysis

Year Ended June 30, 2019

Long-term Debt - At the end of the current fiscal year, the City had total bonded debt and loans outstanding of \$235,998,757 backed by the full faith and credit of the City.

Outstanding Debt General Obligation Bonds and Notes June 30, 2019 and 2018

	Governmental Activities		Business-Type Activities		Total	
	2019	2018	2019	2018	2019	2018
General obligation bonds	\$ 133,390,262	\$ 144,444,538	\$ 102,608,495	\$ 62,722,000	\$ 235,998,757	\$ 207,166,538
Capital leases	132,025	255,198	938,282	2,748,070	1,070,307	3,003,268
Total	<u>\$ 133,522,287</u>	<u>\$ 144,699,736</u>	<u>\$ 103,546,777</u>	<u>\$ 65,470,070</u>	<u>\$ 237,069,064</u>	<u>\$ 210,169,806</u>

The City's total debt increased by \$28,832,219 during the current fiscal year as a result of additions of Rhode Island Clean Water Bonds of \$42,792,496 net of related principal payments.

In November, 2018, *Moody's Investors Services* upgraded the City's general obligation debt rating a total of three notches from 'Ba3' to an investment grade 'Baa3'. *Fitch Ratings* assigned an investment grade 'A' rating to the City's general obligation debt in June, 2018 and affirmed that rating in November 2019. *Standard and Poor's Global Ratings* affirmed in May, 2019 an investment grade 'A' rating for the City's water treatment revenue bonds, and has continued since March, 2018 to rate the City's wastewater revenue bonds at an investment grade 'A+'.

State Statutes limit the amount of general obligation debt a governmental entity may have outstanding to 3% of its assessed value of property values. The City of Woonsocket's limit is \$57,567,997 at June 30, 2019. The City's outstanding general obligation debt is \$235,998,757 at year end, of which \$7,315,000 is subject to legal debt limits. The debt limit calculation does not include \$66,535,000 of pension obligation bonds, \$57,840,000 of Middle School bonds and \$102,608,496 of Rhode Island Clean water bonds as they are exempt from the legal debt limit calculation under Rhode Island Public Law.

Additional information on the City's long-term debt can be found in Note 8.

Economic Factors and Next Year's Budgets, Levy, Tax Rates and Net Assessed Values

The City of Woonsocket's seasonally unadjusted 2018 annual average unemployment rate is 5.4% which is higher than the overall annual average rates for both Rhode Island (4.1%) and the United States (3.9%). The US Census Bureau estimates the median household income (2017) for Woonsocket residents to be \$38,340 versus \$61,043 for all Rhode Island residents and \$67,652 for all United States residents. Approximately 22.0% of Woonsocket's residents have household incomes below the poverty level versus 9.5% of all residents of Rhode Island, and 10.5% of all United States residents.

The City's general fund budget for fiscal year 2020 is \$145,901,845 which represents a decrease of \$1,106,755 (minus .8%) over the adjusted budget of \$147,008,600 for fiscal year 2019. Of the fiscal year 2020 budget change, education expenditures under the Woonsocket Education Department (WED) rose by \$1,337,879 (plus 1.7%) and total City expenditures declined by \$2,444,634 (minus 3.7%).

The City's largest fiscal year 2020 budgeted expenditures are for WED support (\$82,146,429), public safety (\$18,790,917) and debt service (\$14,999,589), each of which represents over 10% of the general fund budget. The WED's fiscal year budget is funded by state and other source appropriations of \$65,730,099 and a City contribution of \$16,416,330. The City's fiscal year 2020 budgeted expenditures are primarily funded by expected property tax revenues of \$60,950,145 and state aid of \$12,786,265.

The fiscal year 2020 net property tax levy for the City excluding motor vehicles is \$51,894,514 with 75.01%

CITY OF WOONSOCKET, RHODE ISLAND

Management Discussion and Analysis

Year Ended June 30, 2019

designated for municipal services and 24.99% allocated to the WED. The City's tax rates for fiscal year 2020, as billed on a per thousand basis, stayed constant with the prior fiscal year for Residential (\$24.08) and Tangible (\$46.58) properties and declined for Commercial (\$35.94 v. \$36.19) and Motor Vehicle (\$35.0 v. \$46.58) properties. Net Assessed Values as of 12/31/2018 are \$1,887,745,070 a \$31,188,258 decrease over the prior year. The decrease in Net Assessed Values is mainly due to the state auto excise tax phase out reducing the tax base and Prime Landmark Hospital having changed to a non-profit entity and leaving the tax base.

Requests for Information

The financial report is designed to provide a general overview of the City's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report should be addressed to the Director of Finance, Woonsocket City Hall, 169 Main Street, Woonsocket, Rhode Island 02895.

 Reconciliation of Governmental Funds Fund Balances to the Statement of Net Position
June 30, 2019

Total governmental fund balances	\$ 22,978,169
Assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	
Capital assets, net	162,308,854
Other deferred inflows are not available to pay for current-period expenditures and, therefore, are deferred inflows of resources in the funds.	
Property tax revenue	6,883,907
Loans	3,849,646
EMS charges receivable	1,130,214
Other long-term assets related to net OPEB activity and therefore, are deferred inflows of resources in the funds.	
	2,685,012
Other deferred outflows and inflows of resources related to net pension activity which are not reported in the funds	
	16,376,401
Deferred revenue relating to gain on debt refunding over the life of the bond	
	(1,660,668)
In the statement of activities, interest is accrued on outstanding long-term debt whereas in governmental funds interest is not reported until due.	
	(2,321,050)
Long-term liabilities are not due and payable in the current period and, therefore are not reported in the governmental funds	
Landfill postclosure liability	(500,536)
Bonds and notes payable	(133,390,262)
Capital leases	(132,025)
Compensated absences	(10,683,360)
Net OPEB liability	(162,138,786)
Police net pension liability	(61,816,349)
ERS net pension liability	(64,726,498)
MERS net pension liability	<u>(34,128,822)</u>
Net position of governmental activities	<u>\$ (255,286,153)</u>

The accompanying notes are an integral part of these statements

CITY OF WOONSOCKET, RHODE ISLAND

Reconciliation of Governmental Funds Revenues, Expenditures and Changes in Fund Balances to the
Statement of Activities
For the Year Ended June 30, 2019

Net change in fund balances - total governmental funds	\$ (1,736,527)
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.	(1,890,869)
Revenues in the Statement of Activities that do not provide current financial resources are fully deferred in the Statement of Revenues, Expenditures and Changes in Fund Balances. Therefore, the recognition of revenue for various types of accounts receivable (i.e., real estate and personal property, motor vehicle excise, etc.) differ between the two statements. This amount represents the net change in deferred inflows of resources.	
Property tax revenue	(142,205)
Loans	(129,055)
EMS charges receivable	47,997
The issuance of long-term debt (e.g., bonds and leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	
Bonds and notes payable	11,054,276
Capital leases	123,173
Gains on refunding of debt for long term debt are amortized over the course of the bond but are not reported as an expenditure on governmental fund statements	59,000
In the Statement of Activities, interest is accrued on outstanding long-term debt, whereas in governmental funds interest, is not reported until due.	(649,997)
Some expenses reported in the Statement of Activities, such as compensated absences, do not require the current financial resources, and therefore, are not reported as expenditures in the governmental funds.	(626,907)
The other postemployment benefit expense reported in the Statement of Activities requires the use of current financial resources and is not reported as an expenditure in the governmental funds	(8,272,649)
The net pension liability expense reported in the Statement of Activities requires the use of current financial resources and is not reported as an expenditure in the governmental funds	<u>(4,602,110)</u>
Change in net position of governmental activities	<u>\$ (6,765,873)</u>

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

1. Summary of significant accounting policies

A. Reporting entity

The City of Woonsocket was incorporated in 1888 under the provisions of Chapter 728 of the Public Laws of the State of Rhode Island. The City operates under a Home Rule Charter first adopted in 1952 and revised in 1960. The City operates under a Mayor - City Council form of government and provides a full range of services as authorized in its Charter, including, but not limited to, education services, police and fire protection, public works, parks, recreation, sanitation, health and certain social and general administration services.

On May 29, 2012, the Rhode Island Director of Revenue established a Budget Commission under RIGL 45-9-6. The Budget Commission was put in place as a result of recurring, as well as projected future, deficits by the Woonsocket Education Department. The purpose of the Budget Commission was to initiate and assure the implementation of appropriate measures to secure the financial stability of the City, and it had the authority to review and approve all expenditures, regardless of the source of funding. On March 19, 2015, the Rhode Island Director of Revenue determined that the Budget Commission had met its goal of returning financial stability to the City, and it was disbanded. At that time, all control of the City was returned to its executive, legislative and administrative functions, in accordance with its Charter.

B. Basic Financial Statements - Government-Wide Statements

The City's basic financial statements include both government-wide (reporting the City as a whole) and fund financial statements (reporting the City's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The City's public safety, education, parks, library, recreation, public works, and general administrative services are classified as governmental activities. The City's water, wastewater, user fees and school lunch funds are classified as business-type activities.

In the government-wide Statement of Net Position, both the governmental and business-type activities columns are presented on a consolidated basis by column, and are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The City's net position is reported in three parts – net investment in capital assets; restricted net position; and unrestricted net position. The City first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the City's functions and business-type activities. The functions are also supported by general government revenues (property, certain intergovernmental revenues, fines, permits and charges, etc.) The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with function (police, public works, community and economic development, etc.) or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds. However, fiduciary funds are not included in government-wide statements since these assets are held for the benefit of private parties and pension participants and cannot be used to satisfy obligations of the primary government. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

The net costs (by function or business type-activity) are normally covered by general revenue (property, excise taxes, intergovernmental revenues, interest income, etc.)

The government-wide focus is more on the sustainability of the City as an entity and the change in the City's net position resulting from the current year's activities.

GASB 63 amends GASB 34 to incorporate deferred outflows of resources and deferred inflows of resources into the financial reporting model. Deferred outflows of resources are defined as a consumption of net assets by the

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

government that is applicable to a future reporting period. It has a positive effect on net position, similar to assets. Deferred inflows of resources are defined as an acquisition of net assets by the government that is applicable to a future reporting period. It has negative effect on net position, similar to liabilities.

C. Basic Financial Statements - Fund Financial Statements

The financial transactions of the City are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, deferred outflows of resources, liabilities, deferred inflows of resources, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by general classification within the financial statements.

The City reports the following major governmental funds:

1. The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
2. The *WED Unrestricted Fund* is the Education Department's primary operating fund. It accounts for all financial resources of the Woonsocket Education Department, except those required to be accounted for separately in another fund.

The City reports the following major proprietary funds:

3. The *Water Fund* accounts for the City's water use operations.
4. The *Regional Wastewater Fund* accounts for the operations of the City's regional wastewater treatment plant including billings to the member Cities and Towns.
5. The *User Charge Fund* accounts for the billings and collections pertaining to the regional wastewater treatment plan for Woonsocket residents
6. The *School Lunch Fund* accounts for the billings and collections pertaining to the WED school lunch operations.

Additionally, the City reports the following fund types:

7. The *Pension Trust Fund* accounts for the activity of the City's defined benefit pension plan, which accumulates resources for pension benefit payments to qualified employees.
8. The *School OPEB Trust Fund* accounts for the assets held for eligible school department employee's retiree healthcare. The principle revenue source for this fund is employer contributions.
9. The *Private-Purpose Trust Fund* is used to account for assets held by the City in a trustee capacity for the benefit of various City facilities. There is no requirement that any portion of these resources be preserved as capital.
10. The *Agency Funds* account for monies held by the City as custodian for student groups and City employees.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are other charges between the City's sewer and water operations and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services or privileges provided, 2) operating grants and contributions and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds are charges to customers for sales and services. The enterprise funds also recognize as

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Pensions. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position and additions to/deductions from fiduciary net position of the City's Police and Fire Employee pension plan, Rhode Island Municipal Employees' Retirement System (MERS) and the Employees' Retirement System of Rhode Island (ERSRI) have been determined on the same basis as they are reported by the City's Police and Fire Employee pension plan, MERS and ERSRI. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms.

D. Measurement Focus and Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

1. Accrual

Both governmental and business-type activities in the government-wide financial statements and the proprietary and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred. Under this basis of accounting and measurement focus, the City applies (a) all GASB pronouncements and (b) FASB statements and interpretations, APB Opinions, and Accounts Research Bulletins issued on or before November 30, 1989 except those that conflict with a GASB pronouncements.

2. Modified Accrual

The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

E. Assets, liabilities, deferred outflows/inflows of resources and net position or equity

a. Cash and Cash Equivalents

The City's cash and cash equivalents consists of cash on hand, demand deposits, money market accounts and short-term investments with original maturities of three months or less from the date of acquisition.

The City's deposits are subject to certain State and municipal restrictions. Under Rhode Island general laws, depository institutions must insure deposits of the City or pledge eligible collateral equal to 100% of deposits maturing in greater than 60 days. Any institution not meeting certain federally prescribed minimum capital standards must insure deposits or provide collateral regardless of maturities. State Statutes and the City Charter authorize the City to invest in obligations of the U.S. Treasury, commercial paper, corporate bonds and repurchase agreements.

Certain proceeds of the Water Fund and Regional Wastewater Fund revenue bonds are classified as restricted assets on the statement of net position because they are maintained in separate escrow accounts managed by trustees in accordance with the bond covenants. These include debt service reserves and capitalized interest.

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

The Water Fund and Regional Wastewater Fund have additional cash and investments on the statement of net position classified as restricted since, by order of the Rhode Island Public Utilities Commission, it may only be used for debt service, capital, electricity, certain specified retiree/new hire benefits, or chemical expenditures.

b. Investments

Investments - The City's investments are reported at fair value (generally based on quoted market prices). The City's investment guidelines are defined by City ordinance and a written investment policy that is approved by the City Council. The City has adopted a formal investment policy for its pension fund which identifies various authorized investment instruments, issuer diversification, maturity constraints, investment ratings and liquidity parameters. Authorized investments include obligations of the United States of America and its agencies, corporate debt obligations, asset-backed securities, money market instruments or funds, common stocks, convertible preferred stocks or bonds, repurchase agreements, commercial paper, foreign currency, commingled investment funds, guaranteed investment contracts, certain nonnegotiable certificates of deposit, and collateralized mortgage obligations. Investment income is recorded in the fund in which it was earned.

Investments for the City are reported at fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates.

c. Receivables and payables

Interfund transactions

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Property taxes and other receivables

In the government-wide financial statements, all trade and property tax receivables are shown net of an allowance for uncollectible amounts. Allowance percentages range from 13% to 65% of outstanding receivable balances at June 30, 2019 and are calculated based upon prior collections.

The City's property tax is levied each July 1 on the assessed value listed as of the prior December 31 for all real property and personal property located in the City. Taxes are due in equal quarterly installments on July 15, October 15, January 15 and April 15 following the levy date. A full revaluation of all real property is required to be completed every nine years. The next full revaluation will be conducted in 2027 for the 2028 tax year. Every three years a statistical revaluation is conducted. The last statistical revaluation was performed as of December 31, 2018 for the 2019 tax year.

Taxes due and unpaid after the respective due dates are subject to interest charged at 12% per annum. An automatic lien is placed on the taxpayer's property if payment has not been received by the tax due date.

It is the policy of the City to record deferred inflows of resources in the fund financial statements for property taxes receivable at June 30 that have not been collected prior to September 1. The entire receivable is recorded as revenue in the government-wide financial statements. Property taxes collected prior to June 30 that are applicable to the subsequent year's assessment are reflected as deferred inflows of resources in both the fund financial statements and government-wide financial statements.

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

d. Capital assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g., roads, bridges, sidewalks and similar items), are reported in the applicable governmental or business-type activities' columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost, if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Property, plant and equipment of the City are depreciated using the straight-line method over the following estimated useful lives:

Buildings	25-65
Land Improvements	10-65
Building Improvements	15-30
Machinery & Equipment	6-30
Infrastructure	65

e. Compensated absences

Employees of the City and the Education Department earn vacation and sick leave, which can accumulate, based on the provisions of negotiated contracts or other personnel policies. Upon retirement, termination or death, certain employees are compensated for unused vacation and sick leave (subject to certain limitations) at their current rates of pay.

All vacation and sick leave pay is accrued when incurred in the government-wide and proprietary fund financial statements. The current portion of the leave is determined based on historical and current usage. The current and noncurrent portion is recorded in the government-wide financial statements. The entire amount is reported as noncurrent in the proprietary fund financial statements.

f. Long-term obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenses.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

g. Deferred outflows/inflows of resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

as an outflow of resources (expense/expenditure) until then. The City reports the deferred charge on refunding and deferred outflows related to pensions in this category. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

The deferred outflows applicable to pensions related to contributions made by the City after the measurement date, the net difference between projected and actual earnings on plan investments and changes in actuarial assumptions. The deferred outflows related to contributions will be recognized in the following year while the deferred outflows related to projected and actual earnings will be amortized over the average remaining service life of all plan members.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City reports advance collections and deferred inflows of resources related to pensions in this category. The deferred inflows of resources related to pensions is the net difference between projected and actual earnings on pension plan investments and changes in actuarial assumptions. These deferred inflows will be amortized over the average remaining service life of all plan members.

For governmental funds, the City reports unavailable revenue, which arises only under the modified accrual basis of accounting. Accordingly, unavailable revenue is reported only in the governmental funds' balance sheet. The governmental funds report unavailable revenues from several sources: property taxes (including advance collections, if any), grants, charges for services and loans. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

h. Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for fund expenditures and/or expense are recorded in order to reserve portions of applicable appropriations, is employed in the governmental and business-type funds.

i. Fund Balances/Net Position

Government-Wide Statements

Net Position is displayed in three components:

Net investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or borrowings that are attributable to the acquisition, construction, or improvements of those assets.

Restricted net position - Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or (2) law through constitutional provisions or enabling legislation.

Unrestricted net position - All other net position that does not meet the definition of "restricted" or "net investment in capital assets"

Fund Statements

Governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for restricted purpose. In accordance with GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, fund balance will be displayed in the following classifications depicting the relative strength of the spending constraints placed on the purposes for which resources can be used:

Nonspendable fund balance - amounts that are not in spendable form (such as inventory or prepaid items) or are required to be maintained intact (such as the corpus of an endowment fund).

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

Restricted fund balance - amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.

Committed fund balance - amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint. For the City, this formal action takes the form of ordinance which are passed by the City Council and approved by the Mayor.

Assigned fund balance - amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority.

Unassigned fund balance - amounts that are available for any purpose; these amounts are reported only in the general fund.

For purposes of fund balance classification, when both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed. When unrestricted resources are used, committed resources are used first, followed by assigned and unassigned resources, respectively.

The City, under Article 9 of the City Charter, has adopted, starting in fiscal 2017, a fund balance policy for the General Fund requiring an appropriation of 1% of the prior year budgeted general revenues into a fiscal stability reserve account until a balance equal to 8% of the current years estimated general revenues within the General Fund budget is achieved.

l. Net position flow assumption (government-wide and proprietary funds)

Sometimes the government will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted - net position and unrestricted - net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted - net position to have been depleted before unrestricted - net position is applied.

m. Fund balance flow assumptions (governmental funds)

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

n. Long-Term Liabilities

For long-term liabilities, only that portion, which is matured, is reported as a fund liability of a governmental fund. All long-term liabilities are reported in government-wide financial statement of net position.

o. Deferred Inflows of Resources (formerly known as 'deferred revenue')

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

In the governmental fund financial statement, deferred inflows of resources represent funds received in advance of being owed or receivables which will be collected and included in revenues of future fiscal years.

In the General fund, deferred inflows of resources relate to revenue that is measurable, but not available.

In the Special Revenue funds, deferred inflows of resources represent amounts received in advance of expenditures incurred for certain grants or loans and accounts receivable that are measurable, but not available.

In the government-wide financial statements revenue is recorded when earned. Therefore, for these statements deferred inflows of resources represents only unearned revenues.

p. Claims and Judgments

The City is self-insured with respect to risks including workers' compensation with a \$500,000 cap per incident. In the fund financial statements, expenditures for claims and judgments are recorded on the basis of whether the liability has matured in the current period. Expenditures for workers' compensation are recorded when paid. Settlements relating to condemnation proceedings are reported when the liability is estimable. In the government-wide financial statements the estimated liability for all claims and judgments is recorded as a liability and as an expense.

q. Revenues

Substantially all governmental fund revenues are accrued. Property taxes are billed and collected within the same period in which the taxes are levied. Subsidies and grants to proprietary funds, which finance either capital or current operations, are reported as non-operating revenues based on GASB No. 33. In applying GASB No. 33 to grant revenues, the provider recognizes liabilities and expenses and the recipient recognizes receivables and revenue when the applicable eligibility requirements, including time requirements, are met. Resources transmitted before the eligibility requirements are met are reported as advances by the provider and deferred inflows of resources by the recipient.

For those voluntary non-exchange transactions arising from future subsidized principal payments, the City recognizes a receivable and revenue when all applicable eligibility requirements, including time requirements, are met, dependent on the applicable basis of accounting.

r. Expenditures/Expenses

Expenditures/expenses are recognized when the related fund liability is incurred. Indirect expenses such as retirement, pension and health insurance are allocated based on direct charges and the remainder is allocated based on a percentage of payroll costs by function.

s. Operating Revenues and Expenses

Operating revenues and expenses for proprietary funds are those that result from providing services and producing and delivering goods and/or services. It also includes all revenues and expenses not related to capital and related financing, noncapital financing, or investing activities.

t. Pensions

For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the *Municipal Employees' Retirement System (MERS) of Rhode Island*

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

and additions to/deductions from MERS' fiduciary net position have been determined on the same basis as they are reported by MERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the *Employees' Retirement System plan (ERS)* and the additions to/deductions from ERS' fiduciary net position have been determined on the same basis as they are reported by ERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

u. Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities including disclosures of contingent assets and liabilities and reported revenues, expenses and expenditures during the fiscal year. Accordingly, actual results could differ from those estimates.

v. Reclassifications

Certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

E. Implementation of New Accounting Principles

For the year ending June 30, 2019, the City implemented the following pronouncements issued by the GASB:

- GASB Statement No. 83, *Certain Asset Retirement Obligations*
- GASB Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*

The implementation of Statement Nos. 83 and 88 had no material reporting impact for the City.

F. New Accounting Principles Not Yet Required to be Implemented

The GASB has issued the following statements:

- GASB Statement No. 84, *Fiduciary Activities*. The requirements of this Statement will take effect for financial statements starting with the fiscal year that ends June 30, 2020.
- GASB Statement No. 87, *Leases*. The requirements of this Statement will take effect for financial statements starting with the fiscal year that ends June 30, 2021.
- GASB Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*. The requirements of this Statement will take effect for financial statements starting with the fiscal year that ends June 30, 2021.
- GASB Statement No. 90, *Majority Equity Interests – an amendment of GASB Statement No. 14 and 61*. The requirements of this Statement will take effect for financial statements starting with the fiscal year that ends June 30, 2020.
- GASB Statement No. 91, *Conduit Debt Obligations*. The requirements of this Statement will take effect for financial statements starting with the fiscal year that ends June 30, 2022.

Earlier application of these statements is encouraged. For the original pronouncements, please visit the GASB's website, www.gasb.org.

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

2. Stewardship, compliance and accountability

A. Budgets and budgetary accounting

The City establishes budgets for its General Fund and the following Special Revenue Funds: WED Unrestricted Fund in accordance with provisions of its Charter and the Rhode Island General Statutes.

The City follows these procedures in establishing the budgetary data reported in the financial statements:

- i. The Mayor shall file with the City Clerk at least fifty (50) days prior to the beginning of each fiscal year, a proposed operating budget, capital budget, and message containing an explanation of proposed financial policies and the important features of the budget plan. At that same time, the Mayor shall also file proposed appropriation ordinances providing for the support of the City for the ensuing fiscal year.
- ii. The City Clerk shall present the budgets and budget message to the City Council at its next regular or special meeting after the filing by the Mayor.
- iii. The Council shall hold a public hearing on the budgets no later than June 1 of each year, at which interested persons shall have an opportunity to be heard; legal notice shall be published at least ten (10) days in advance thereof.
- iv. The Council may insert new items or may increase or decrease the items of the budgets as presented by the Mayor, but if it shall increase the total proposed expenditures, it also shall provide for increasing the total anticipated revenues at least to equal the total proposed expenditures.
- v. Upon final passage of the appropriation ordinances, such changes as have been made in the ordinances as originally proposed shall be made in the budget document. A copy of the budget and appropriation ordinances shall be placed on file as a public record in the office of the City Clerk.

The legal level of control, the level at which expenditures may not exceed appropriations, is at the department level for the General Fund and the fund level for the WED Unrestricted Fund. The Finance Director may transfer amounts between line items within a department or agency in an amount not exceeding a total of five thousand dollars (\$5,000) within a fiscal year.

B. Basis of budgeting

The City uses a basis of budgeting under which purchase orders for contracts or other commitments are recorded in order to reserve that portion of the applicable appropriation. Encumbrances are recognized as a valid and proper charge against a budget appropriation in the year in which the purchase order, contract or other commitment is issued. Accordingly, encumbrances outstanding at year end are reported in the General Fund statement of revenues, expenditures and changes in fund balance budget and actual as encumbrances. Encumbrances outstanding at year end are reported as assigned fund balance in the governmental funds' balance sheet in accordance with GAAP, since they do not constitute expenditures or liabilities. In addition, the liquidation of the prior year's encumbrances are reported as expenditures in the current year in the statement of revenues, expenditures and changes in fund balances - governmental funds as required by GAAP.

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

C. Deficit fund balance

The following funds had a deficit fund balance at June 30, 2019:

<u>City Special Revenue Funds</u>			<u>School Special Revenue Funds</u>		
2017 JAG Grant	\$	37	Project Aware	\$	39,572
Homeland Security Fire Grant Fund		901	RI Commerce Corp.		28,076
Cultural Fund		<u>671</u>	State Sources		1,361
	Subtotal:	<u>\$ 1,609</u>	RI Learning Champions		332
			Nellie Mae Education		85
			Feinstein Foundation No. 4		273
<u>City Capital Projects Fund</u>			Feinstein Foundation No. 9		<u>2,780</u>
Bond Fund	\$	349,841		Subtotal:	<u>\$ 72,479</u>
	Subtotal:	<u>\$ 349,841</u>			

Total fund deficits at June 30, 2019 were \$423,929.

3. Cash and cash equivalents

Cash and cash equivalents as of June 30, 2019 are classified in the accompanying financial statements as follow:

Cash and cash equivalents - Governmental Activities	\$ 28,598,644
Cash and cash equivalents - Business-Type Activities	<u>64,430,762</u>
Total cash and cash equivalents - Primary Government	<u>\$ 93,029,406</u>
Cash and cash equivalents - Pension Trust Fund	\$ 3,544,322
Cash and cash equivalents - Private Purpose Trust Funds	98,408
Cash and cash equivalents - Agency Funds	<u>1,133,684</u>
Total cash and cash equivalents - Fiduciary Funds	<u>\$ 4,776,414</u>
Total cash and cash equivalents - City of Woonsocket	<u>\$ 97,805,820</u>

Deposits are in various financial institutions and are carried at cost. The carrying value is separately displayed on the Statement of Net Position as "Cash and cash equivalents." Custodial credit risk for deposits is the risk that, in the event of a failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party.

Rhode Island Public Law requires that 100% of public deposits in a qualified public depository with maturities greater than sixty (60) days are collateralized with either segregated assets, in the qualified depository institution's trust department or in the trust department of another qualified depository institution, or in the custodial accounts at a Federal reserve bank or Federal home loan bank. Any institution not meeting certain federally prescribed minimum capital standards must insure deposits or provide collateral regardless of maturities. At June 30, 2019, the City's deposits are not exposed to custodial credit risk since most of the deposits are held by financial institutions that meet federally required capital standards and most deposits have maturities less than sixty (60) days.

At year end, the City's carrying value of deposits was \$97,805,820 and the bank balance was \$98,952,038.

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

Of the bank balance, \$2,748,236 was covered by the Federal Deposit Insurance Corporation (FDIC), \$59,310,667 was covered by the Depository Insurance Fund, \$31,667,099 was backed by government securities, and \$5,226,036 was uninsured.

Financial instruments that potentially subject the City to significant concentrations of credit risk consist primarily of cash. From time to time, the City's cash account balances exceed the FDIC limit. The City reduces its credit risk by maintaining its cash deposits with major financial institutions and monitoring their credit ratings.

4. Investments

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The City Police and Fire Pension Plan (“the Plan”) hold significant amount of investments that are measured at fair value on a recurring basis. Because investing is a key part of the Plan’s activities, the Plan shows greater disaggregation in their disclosures. The Plan chooses to display a tabular format for disclosing the levels within the fair value hierarchy.

The Plan categorizes their fair market value measurements within the fair value hierarchy established by generally accepted accounting principles. The Plan has the following recurring fair value measurements as of June 30, 2019:

	<u>Fair Value Measurements Using:</u>					Average Effective Maturity	Average Credit Quality Rating
	June 30, 2019:	Quoted Prices in Active Markets for Identical Assets (Level 1)*	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)			
Investments by Fair Value Level:							
Equity Mutual Funds							
Domestic Equity Mutual Funds							
AB Large Cap Growth FD 1	\$ 1,697,103	\$ 1,697,103	\$ -	\$ -		N/A	N/A

Total other investments held:	<u>9,596,938</u>						
Total investments held by the City							
Sponsored Police and Fire Pension Fund:	<u>\$ 31,300,310</u>						

*Debt and equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities.

** Distribution by Credit Quality as of 11/30/2019 is as follows: 62.3% US Government; 3.9% Aaa; 3.4% Aa; 11.2% A; 19.2% Baa.

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

The WED also holds investments in its OPEB Trust Fund totaling \$754,656 at June 30, 2019. The assets are held at the Rhode Island Interlocal Risk Management Trust. For more information on the fair value measurements of the assets held at the Rhode Island Interlocal Risk Management Trust, please see <https://www.ritrust.com>.

Interest rate risk - The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit risk - This is the risk that an issuer of a debt type investment will not fulfill its obligation to the holder of the investment. This is measured by assignment of a rating by a nationally recognized rating organization. The City has a formal investment policy that limits its investment choices due to credit risk.

Custodial credit risk - This is the risk that in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The City does not have a formal policy with respect to custodial credit risk. Certain investments are covered by the Securities Investor Protection Corporation ("SIPC") up to \$500,000, including \$100,000 of cash from sale or for purchase of investments, but not cash held solely for the purpose of earning interest. SIPC protects securities such as notes, stocks, bonds, debentures, certificates of deposit and money funds. The previously listed Plan investments are held by the counterparty's trust department or agent and are not in the City's name and, therefore, are subject to custodial credit risk.

5. Receivables

Receivable balances have been disaggregated by type and presented separately in the financial statements. Receivables for the City's financial statements, including the applicable allowances for uncollectible accounts, are presented below.

Governmental Activities:

	General Fund	School Unrestricted Fund	Non-Major Governmental Funds	Total
Property taxes	\$ 13,536,322	\$ -	\$ -	\$ 13,536,322
Loans	-	-	3,849,646	3,849,646
Other	2,607,510	298,094	1,151,780	4,057,384
Intergovernmental	<u>988,575</u>	<u>36,687</u>	<u>3,913,754</u>	<u>4,939,016</u>
Gross receivables	17,132,407	334,781	5,065,534	22,532,722
Less allowance for uncollectables	<u>(5,880,716)</u>	<u>-</u>	<u>-</u>	<u>(5,880,716)</u>
Net receivables	<u>\$ 11,251,691</u>	<u>\$ 334,781</u>	<u>\$ 5,065,534</u>	<u>\$ 16,652,006</u>

B. Capital Lease

At June 30, 2019, the City is committed under capital leases for Governmental Activities and Business-Type Activities. Under Governmental Activities, the leases are for public safety vehicles and various pieces of equipment. Under Business-Type Activities, the lease is for the Woonsocket Regional Wastewater Treatment Facility. These lease agreements qualify as capital leases for accounting purposes (title transfers at the end of the lease term) and, therefore, have been recorded at the present value of the future minimum lease payments as of the date of their inception.

The following is a schedule of the future minimum lease payments under these capital leases, and the present value of the net minimum lease payments as of June 30, 2019:

Year Ending June 30,	Governmental Activities	Business-Type Activities
2020	\$ 46,935	\$ 961,271
2021	46,935	-
2022	46,935	-
2023	-	-
2024	-	-
Total:	\$ 140,805	\$ 961,271
Less: Amount representing interest:	<u>(8,780)</u>	<u>(22,988)</u>
PV of minimum lease payments:	<u>\$ 132,025</u>	<u>\$ 938,283</u>

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

C. Landfill post closure care obligation

State and federal laws and regulations require that the City place a final cover on its landfill site and perform certain maintenance and monitoring functions at the landfill sites for a minimum of thirty years after closure. The City's Davison Avenue Landfill was closed and the City's closure plan was accepted by the Rhode Island Department of Environmental Management in November 2011. In accordance with Federal and State regulations, part of the closure plan requires the City to perform post closure monitoring procedures for a period of thirty (30) years after final closure is completed. In accordance with GASB Statement No. 18, *Landfill Closure and Postclosure Care Costs*, the City has recognized a liability equal to the estimated cost of post closure care of the landfill. The estimated liability for landfill post closure care costs is \$500,536 as of June 30, 2019. The estimated total current cost of the landfill post closure care is based on the amount that would be paid if all equipment, facilities, and services required to monitor and maintain the landfill were acquired as of June 30, 2019. However, the actual cost of postclosure care may be higher due to inflation, changes in technology or changes in landfill laws and regulations.

D. Statutory debt limitations

State Statutes limit the amount of general obligation debt a governmental entity may have outstanding to 3% of its assessed value of property values. The City of Woonsocket's limit is \$57,567,997 at June 30, 2019. The City's outstanding general obligation debt is \$234,298,496 at year end, of which \$7,315,000 is subject to legal debt limits. The debt limit calculation does not include \$66,535,000 of pension obligation bonds, \$57,840,000 of Middle School bonds and \$102,608,496 of Rhode Island Clean water bonds as they are exempt from the legal debt limit calculation under Rhode Island Public Law.

E. Prior years advanced refunding and amortization

In February 2016, the City issued \$6,130,000 of general obligation refunding bonds with an interest rate of 2.28%. These refunding bonds were issued to advance the defeasance of bonds issued in 1998, 2000 and 2005. The refunding resulted in an economic gain of \$345,040 and a total savings of \$444,336.

Differences between the reacquisition price and the net carrying value of the old debt pertaining to the current and prior year advance refunding is deferred and amortized to interest expense over six (6) years. Deferred outflows of resources of \$89,332 will be recognized in subsequent interest expense as follows:

6/30/2020	57,667
6/30/2021	<u>31,665</u>
Total	<u>\$ 89,332</u>

In March 2017, the City issued \$58,965,000 of general obligation refunding bonds with an interest rate ranging from 2.0% to 4.0%. These refunding bonds were issued to advance the defeasance of bonds issued in 2009. The refunding resulted in an economic loss of \$2,100,000.

Differences between the reacquisition price and the net carrying value of the old debt pertaining to the current and prior year advance refunding is deferred and amortized to interest expense over seventeen (17) years. Deferred inflows of resources of \$1,750,000 will be recognized in subsequent interest expense as follows:

10. Other information

A. Risk management

The City is exposed to various risks of loss related to public official liability, police professional liability, theft or impairment of assets, errors and omissions, injury to employees, natural disasters, and owners' and contractors' protective liability.

The City and Education Department (WED) are self-insured for medical and dental insurance claims for all eligible full-time employees. The activity is accounted for in the General Fund for the City's activity and the WED Unrestricted Fund for the WED's activity.

Health insurance premiums are based upon estimates by number of employees and type of coverage (single or family), trends in the insurance claims and estimates for administration. The claims liability reported in the fund is based upon the requirements of GASB Statements No. 10 and 30, which require that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is possible that a liability has been incurred at the date of the financial statements and the amount of the possible loss can be reasonably estimated. The amount of claim accrual is based on the ultimate costs of settling the claim, which include past experience data, inflation and other future economic and societal factors and incremental claim adjustment expenses, net of estimated subrogation recoveries. The claim accrual does not include other allocated or unallocated claims adjustment expenses.

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

Claims payable at June 30, 2019 for both the City and the School are below:

		City			
		Claims Payable July 1	Current Year Claims and Changes in Estimate	Claims Paid	Claims Payable June 30
2019	\$	130,548	\$ 7,088,301	\$ 6,824,163	\$ 394,686
2018		250,000	7,144,027	7,263,479	130,548

		School			
		Claims Payable July 1	Current Year Claims and Changes in Estimate	Claims Paid	Claims Payable June 30
2019	\$	456,111	\$ 8,000,100	\$ 8,163,469	\$ 292,742
2018		712,900	6,800,000	7,056,789	456,111

The City purchases commercial insurance for all other risks of loss, including blanket and umbrella policies. Settled claims have not exceeded commercial coverage in any of the past three years and there has not been any significant reduction in insurance coverage.

B. Commitments and litigation

Amounts received or receivable from Federal and State grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the City expects such amounts, if any, to be immaterial.

On February 4, 2016, the Rhode Island Superior Court ruled against the City in *Hebert vs. The City of Woonsocket* and determined that the City and its Budget Commission had improperly either modified or cancelled police retirees' health benefits, and ordered that any such health benefit reductions be restored. The City has appealed the Superior Court's decision to the Rhode Island Supreme Court on March 14, 2016. Accordingly, a liability of \$757,463 has been recorded in the financial statements as of June 30, 2019. On July 2, 2019, the Supreme Court vacated the judgment of the Superior Court (for more information, please see the "Subsequent Event" note to these financial statements).

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

11. Employee retirement systems and pension plans

Summary

The City of Woonsocket qualified employees are included in one of three retirement plans in which the City participates. These are the Municipal Employees' Retirement System of Rhode Island (MERS), the Employees' Retirement System of Rhode Island (Teachers' Plan), and the Police and Fire Employee Pension Plan (the "Plan").

Municipal Employees' Retirement System of Rhode Island (MERS)

A. Plan Description

The Municipal Employees' Retirement System (MERS) – an agent multiple-employer defined benefit pension plan - provides certain retirement, disability and death benefits to plan members and beneficiaries. MERS was established under Rhode Island General Law and placed under the management of the Employee's Retirement System of Rhode Island (ERSRI) Board to provide retirement allowances to employees of municipalities, housing authorities, water and sewer districts, and municipal police and fire persons that have elected to participate. Benefit provisions are subject to amendment by the General Assembly.

MERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained accessing the ERSRI website at www.ersri.org

B. Benefits provided

General employees, police officers and firefighters employed by electing municipalities participate in MERS. Eligible employees become members at their date of employment. Anyone employed by a municipality at the time the municipality joins MERS may elect not to be covered. Elected officials may opt to be covered by MERS. Employees covered under another plan maintained by the municipality may not become members of MERS. Police officers and/or firefighters may be designated as such by the municipality, in which case the special contribution and benefit provisions described below will apply to them, or they may be designated as general employees with no special benefits. Members designated as police officers and/or firefighters are treated as belonging to a unit separate from the general employees, with separate contribution rates applicable.

Salary: Salary includes the member's base earnings plus any payments under a regular longevity or incentive plan. Salary excludes overtime, unused sick and vacation leave, severance pay, and other extraordinary compensation. Certain amounts that are excluded from taxable wages, such as amounts sheltered under a Section 125 plan or amounts picked up by the employer under IRC Section 414(h), are not excluded from salary.

Service: Employees receive credit for service while a member. In addition, a member may purchase credit for certain periods by making an additional contribution to purchase the additional service. Special rules and limits govern the purchase of additional service and the contribution required.

Final Compensation: Prior to July 1, 2012 and for general employee members eligible to retire as of June 30, 2012, the average was based on the member's highest three consecutive annual salaries. Effective July 1, 2012, the average was based on the member's highest five consecutive annual salaries. Once a member retires or is terminated, the applicable FAC will be the greater of the member's highest three year FAC as of July 1, 2012 or the five year FAC as of the retirement/termination date. Monthly benefits are based on one-twelfth of this amount.

Subsequent to June 30, 2015, litigation challenging the various pension reform measures enacted in previous years by the General Assembly (2009, 2010, and 2011) was settled. The final settlement approved by the Court on July 8, 2015 also included enactment of the pension settlement provisions by the General Assembly. These amended benefit provisions, which have been included in the determination of the total pension liability at the June 30, 2015 measurement date and are reflected in the summary of benefit provisions described below.

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

General employees

Members with less than five years of contributory service as of June 30, 2012 and members hired on or after that date are eligible for retirement on or after their Social Security normal retirement age (SSNRA).

Members who had at least five years of contributory service as of June 30, 2012 will be eligible for retirement at an individually determined age. This age is the result of interpolating between the member's prior Retirement Date, described below, and the retirement age applicable to members hired after June 30, 2012 in (a) above. The interpolation is based on service as of June 30, 2012 divided by projected service at the member's prior Retirement Date. The minimum retirement age is 59.

Members with 10 or more years of contributory service on June 30, 2012 may choose to retire at their prior Retirement Date if they continue to work and contribute until that date. If this option is elected, the retirement benefit will be calculated using the benefits accrued as of June 30, 2012, i.e., the member will accumulate no additional defined benefits after this date, but the benefit will be paid without any actuarial reduction.

Effective July 1, 2015, members will be eligible to retire with full benefits at the earlier of their current Rhode Island Retirement Security Act (RIRSA) date described above or upon the attainment of age 65 with 30 years of service, age 64 with 31 years of service, age 63 with 32 years of service, or age 62 with 33 years of service.

A member who is within five years of reaching their retirement eligibility date and has 20 or more years of service, may elect to retire at any time with an actuarially reduced benefit.

Prior to July 1, 2012, members were eligible for retirement on or after age 58 if they had credit for 10 or more years of service, or at any age if they had credit for at least 30 years of service. Members eligible to retire before July 1, 2012 were not impacted by the changes to retirement eligibility above.

The annual benefit is equal to 2.00% of the member's monthly FAC for each year of service prior to July 1, 2012 and 1.00% of the member's monthly FAC for each year of service from July 1, 2012 through June 30, 2015. For all service after June 30, 2015, the annual benefit is equal to 1.0% per year unless the member had 20 or more years of service as of June 30, 2012 in which case the benefit accrual is 2.0% per year for service after June 30, 2015. The benefit cannot exceed 75% of the member's FAC. Benefits are paid monthly.

Police and Fire employees

Members are eligible to retire when they are at least 50 years old and have a minimum of 25 years of contributing service or if they have 27 years of contributing service at any age. Members with less than 25 years of contributing service are eligible for retirement on or after their Social Security normal retirement age.

Members who, as of June 30, 2012, had at least 10 years of contributing service, had attained age 45, and had a prior Retirement Date before age 52 may retire at age 52.

Active members on June 30, 2012 may choose to retire at their prior Retirement Date if they continue to work and contribute until that date. If option is elected, the retirement benefit will be calculated using the benefits accrued as of June 30, 2012, i.e., the member will accumulate no additional defined benefits after this date, but the benefit will be paid without any actuarial reduction.

A member who is within five years of reaching their retirement eligibility date, as described in this section, and has 20 or more years of service, may elect to retire at any time with an actuarially reduced benefit.

Prior to July 1, 2012, members designated as police officers or firefighters were eligible for retirement at or after age 55 with credit for at least 10 years of service or at any age with credit for 25 or more years of service. Members were also eligible to retire and receive a reduced benefit if they are at least age 50 and have at least 20 years of service. If the municipality elected to adopt the 20-year retirement provisions for police officers and/or firefighters, then such a member was eligible to retire at any age with 20 or more years of service. Members eligible to retire before July 1, 2012 were not impacted by the changes to retirement eligibility above.

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

A monthly benefit is paid equal to 2.00% of the member's monthly FAC for each year of service, up to 37.5 years (75% of FAC maximum).

If the optional 20-year retirement provisions were adopted by the municipality prior to July 1, 2012: benefits are based on 2.50% of the member's FAC for each year of service prior to July 1, 2012 and 2.00% of the member's FAC for each year of service after July 1, 2012. The benefit cannot exceed 75% of the member's FAC.

Active members (including future hires), members who retire after July 1, 2015 and after attaining age 57 with 30 years of service will have a benefit equal to the greater of their current benefit described in (a) and (b) above and one calculated based on a 2.25% multiplier for all years of service.

Other benefit provisions

Death and disability benefits are also provided to members. A member is eligible for a disability retirement provided he/she has credit for at least five years of service or if the disability is work-related. Members are not eligible for an ordinary disability benefit if they are eligible for unreduced retirement.

Joint and survivor benefit options are available to retirees. For some employees, a Social Security Option is also available where an annuity is paid at one amount prior to age 62, and at a reduced amount after age 62, designed to provide a level total income when combined with the member's age 62 Social Security benefit. Benefits cease upon the member's death.

Post-retirement benefit increases are paid to members who retire after June 30, 2012. Members will be eligible to receive cost of living increases at the later of the member's third anniversary of retirement and the month following their SSNRA (age 55 for members designated as police officers and/or firefighters). When a municipality elects coverage, it may elect either COLA C (covering only current and future active members and excluding members already retired) or COLA B (covering current retired members as well as current and future active members).

a.) The COLA will be suspended for any unit whose funding level is less than 80%; however, an interim COLA may be granted in four-year intervals while the COLA is suspended. The first interim COLA may begin January 1, 2018.

b.) Effective July 1, 2015, the COLA is determined based on 50% of the plan's five-year average investment rate of return less 5.5% limited to a range of 0.0% to 4.0%, plus 50% of the lesser of 3.0% or last year's CPI-U increase for a total maximum increase of 3.50%. Previously, it was the plan's five-year average investment rate of return less 5.5% limited to a range of 0.0% to 4.0%.

c.) The COLA will be limited to the first \$25,000 of the member's annual pension benefit. For retirees and beneficiaries who retired on or before July 1, 2015, years in which a COLA is payable based on every fourth year provision described in (i) above will be limited to the first \$30,000. These limits will be indexed annually to increase in the same manner as COLAs, with the known values of \$25,000 for 2013, \$25,000 for 2014, \$25,168 for 2015, \$25,855 for 2016, and \$26,098 for 2017.

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

C. Employees covered by benefit terms

At the June 30, 2017 valuation date, the following employees were covered by the benefit terms:

Summary of Actuarial Assumptions Used in the Valuations to determine the Net Pension Liability at the June 30, 2018 measurement date (June 30, 2017 valuation rolled forward to June 30, 2018)	
Actuarial Cost Method	Entry Age Normal - the Individual Entry Age Actuarial Cost methodology is used.
Amortization Method	Level Percent of Payroll – Closed
Actuarial Assumptions	
Investment Rate of Return	7.00%
Projected Salary Increases	General Employees - 3.50% to 7.50%; Police & Fire Employees - 4.00% to 14.00%
Inflation	2.5%
Mortality	Mortality – variants of the RP-2014 mortality tables - for the improvement scale, update to the ultimate rates of the MP-2016 projection scale.
Cost of Living Adjustments	A 2% COLA is assumed after January 1, 2014.

	General Employees	Police	Fire	Total
Retirees and beneficiaries	342	75	40	457
Inactive, non-retired members	181	20	6	207
Active members	377	86	109	572
Total	<u>900</u>	<u>181</u>	<u>155</u>	<u>1,236</u>

D. Contributions

The amount of employee and employer contributions have been established under Rhode Island General Law Chapter 45-21. General employees with less than 20 years of service as of June 30, 2012 are required to contribute 2% of their salaries. General employees with more than 20 years of service as of June 30, 2012 are required to contribute 8.25%. Public safety employees are required to contribute 9% of their salaries.

The City of Woonsocket contributes at a rate of covered employee payroll as determined by an independent actuary on an annual basis. The General Assembly can amend the amount of these contribution requirements.

The City of Woonsocket contributed \$1,320,137, \$1,622,148 and \$690,307, respectively, for the general, police and fire portion of MERS in the year ended June 30, 2018 (the measurement date) which was 10.11%, 26.71%, and 9.55%, respectively, of annual covered payroll.

E. Actuarial assumptions

The total pension liability was determined by actuarial valuations performed as of June 30, 2017 and rolled forward to June 30, 2018, using the following actuarial assumptions, applied to all periods included in the measurement.

The long-term expected rate of return best-estimate on pension plan investments was determined by the actuary using a building-block method. The actuary started by calculating best-estimate future expected real rates of

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

return (expected returns net of pension plan investment expense and inflation) for each major asset class, based on a collective summary of capital market expectations from 23 sources. The June 30, 2018 expected arithmetic returns over the long-term (20 years) by asset class are summarized in the following table:

Asset Class	Target Asset Allocation	Long-Term Expected Arithmetic Real Rate of Return
GROWTH		
Global Equity		
US Equity	20.60%	6.43%
International Developed Equity	15.90%	6.72%
Emerging Markets Equity	3.50%	8.90%
Sub-total	40.00%	
Private Growth		
Private Equity	11.30%	9.08%
Non-Core Real Estate	2.20%	5.03%
Opportunistic Private Credit	1.50%	9.08%
Sub-total	15.00%	
INCOME		
High Yield Infrastructure	1.00%	3.81%
REITS	1.00%	5.03%
Liquid Credit	2.80%	3.81%
Private Credit	3.20%	3.81%
Sub-total	8.00%	
STABILITY		
Crisis Protection Class		
Treasury Duration	4.00%	0.61%
Systematic Trend	4.00%	4.00%
Sub-total	8.00%	
Inflation Protection		
Core Real Estate	3.60%	5.03%
Private Infrastructure	2.40%	5.61%
TIPs	1.00%	1.75%
Natural Resources	1.00%	3.81%
Sub-total	8.00%	
Volatility Protection		
IG Fixed Income	11.50%	2.14%
Absolute Return	6.50%	4.00%
Cash	3.00%	0.61%
Sub-total	21.00%	
Total	100.00%	

These return assumptions are then weighted by the target asset allocation percentage, factoring in correlation effects, to develop the overall long-term expected rate of return best-estimate on an arithmetic basis.

Discount rate - The discount rate used to measure the total pension liability of the plans was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from the employers will be made at statutorily

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

F. Changes in the net pension liability (asset)

Notes to the Financial Statements

June 30, 2019

G. Sensitivity of the net pension liability to changes in the discount rate

The following presents the net pension liability (asset) of the employers calculated using the discount rate of 7.0 percent, as well as what the employers' net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate.

	1% Decrease <u>6.00%</u>	Single Discount Rate <u>7.00%</u>	1% Increase <u>8.00%</u>
General Employees	\$ 19,542,493	\$ 10,935,565	\$ 4,525,535
Police	26,164,875	19,352,101	14,279,438
Fire	<u>12,444,025</u>	<u>6,028,269</u>	<u>1,252,252</u>
Total	<u>\$ 58,151,393</u>	<u>\$ 36,315,935</u>	<u>\$ 20,057,225</u>

H. Pension plan fiduciary net position

Detailed information about the pension plan's fiduciary net position is available in the separately issued ERSRI financial report.

I. Pension expense, deferred outflows and deferred inflows of resources related to pensions

For the year ended June 30, 2019 the City recognized pension expense as follows:

General employees	\$ 2,264,143
Police	1,334,667
Fire	<u>951,085</u>
Total	<u>\$ 4,549,895</u>

For the year ended June 30, 2019 the City reported deferred outflows and inflows of resources related to pensions from the following sources:

General employees (City)

<u>Description of Outflows/Inflows</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 290,428	\$ 740,987
Changes of assumptions	2,120,143	-

Notes to the Financial Statements

June 30, 2019

Employees' Retirement System of Rhode Island (ERSRI)

A. Plan description

Certain employees of the Woonsocket Education Department ("WED") participate in a cost-sharing multiple-employer defined benefit pension plan - the Employees' Retirement System plan - administered by the Employees' Retirement System of the State of Rhode Island (System). Under a cost-sharing plan, pension obligations for employees of all employers are pooled and plan assets are available to pay the benefits of the employees of any participating employer providing pension benefits through the plan, regardless of the status of the employers' payment of its pension obligation to the plan. The plan provides retirement and disability benefits and death benefits to plan members and beneficiaries.

The System issues a publicly available financial report that includes financial statements and required supplementary information for the plans. The report may be obtained at <http://www.ersri.org>.

B. Benefit provisions

The level of benefits provided to participants is established by Chapter 36-10 of the General Laws, which is subject to amendment by the General Assembly. Member benefit provisions vary based on service credits accumulated at dates specified in various amendments to the General Laws outlining minimum retirement age, benefit accrual rates and maximum benefit provisions. In general, members accumulate service credits for each year of service subject to maximum benefit accruals of 80% or 75%. For those hired after June 30, 2012, the benefit accrual rate is 1% per year with a maximum benefit accrual of 40%. Members eligible to retire at September 30, 2009 may retire with 10 years of service at age 60 or after 28 years of service at any age. The retirement eligibility age increases proportionately for other members reflecting years of service and other factors until it aligns with the Social Security Normal Retirement Age, which applies to any member with less than 5 years of service as of July 1, 2012. Members are vested after 5 years of service.

The plan provides for survivor's benefits for service connected death and certain lump sum death benefits. Joint and survivor benefit provision options are available to members.

Cost of living adjustments are provided but are currently suspended until the collective plans administered by ERSRI reach a funded status of 80%. Until the plans reach an 80% funded status, interim cost of living adjustments is provided at four-year intervals commencing with the plan year ending June 30, 2016.

The plan also provides nonservice-connected disability benefits after five years of service and service-connected disability benefits with no minimum service requirement.

C. Contributions

The funding policy, as set forth in the General Laws, Section 16-16-22, provides for actuarially determined periodic contributions to the plan. For fiscal 2015, WED teachers were required to contribute 3.75% of their annual covered salary, except for teachers with twenty or more years of service as of June 30, 2012 must contribute 11% of their annual covered salary. The state and the WED are required to contribute at an actuarially determined rate, 40% of which is to be paid by the state and the remaining 60% is to be paid by WED; the rates were 9.90% and 13.25% of annual covered payroll for the fiscal year ended June 30, 2019 for the state and WED, respectively. The WED contributed \$4,868,359, \$4,397,024, and \$4,349,784 for the fiscal years ended June 30, 2019, 2018 and 2017, respectively, equal to 100% of the required contributions for each year.

D. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources

At June 30, 2019, the WED reported a liability of \$64,726,498 for its proportionate share of the net pension liability that reflected a reduction for contributions made by the state. The amount recognized by the WED as its proportionate share of the net pension liability, the related state support and the total portion of the net pension liability that was associated with the WED were as follows:

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

City's proportionate share of the net pension liability	\$ 64,726,498
State's proportionate share of the net pension liability	<u>48,281,318</u>
Total	<u><u>\$ 113,007,816</u></u>

The net pension liability was measured as of June 30, 2018, the measurement date, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2017 rolled forward to June 30, 2018. The WED's proportion of the net pension liability was based on a projection of the WED's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers and the state, actuarially determined. At June 30, 2018 the WED's proportion was 2.04% (rounded to nearest hundredth)

For the year ended June 30, 2019 the WED recognized gross pension expense of \$9,640,975 and revenue of \$4,356,258 for support provided by the state. At June 30, 2019 the WED reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<u>Description of Outflows/Inflows</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 946,724	\$ 1,234,537
Changes of assumptions	4,701,635	761,695
Net difference between projected and actual earnings on pension plan investments	3,043,983	2,270,852
Changes in proportion and differences between System contributions and proportionate share of contributions	1,229,265	3,419,189
System contributions subsequent to the measurement date	<u>4,750,123</u>	<u>-</u>
	<u>\$ 14,671,730</u>	<u>\$ 7,686,273</u>
Net amount of deferred outflows and (inflows) <i>excluding</i> City contributions subsequent to measurement date		<u><u>\$ 2,235,334</u></u>

A total of \$4,750,123 was reported as deferred outflows of resources related to pensions resulting from the WED Department contributions in fiscal year 2019 subsequent to the measurement date. This will be recognized as a reduction of the net pension liability for the year ended June 30, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

<u>Year Ending June 30</u>	
2020	\$ 1,266,276
2021	476,263
2022	(650,722)
2023	250,903
2024	525,045
Thereafter	<u>367,569</u>
	<u>\$ 2,235,334</u>

E. Actuarial Assumptions

The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Salary increases	3.00% to 13.00%
Investment rate of return	7.00%

Mortality – variants of the RP-2014 Combined Healthy for Males and Females with White Collar Adjustments, projected with Scale Ultimate MP16.

The actuarial assumptions used in the June 30, 2017 valuation rolled forward to June 30, 2018 and the calculation of the total pension liability at June 30, 2018 were consistent with the results of an actuarial experience study performed as of June 30, 2017.

The long-term expected rate of return best-estimate on pension plan investments was determined by the actuary using a building-block method. The actuary started by calculating best-estimate future expected real rates of return (expected returns net of pension plan investment expense and inflation) for each major asset class, based on a collective summary of capital market expectations from 35 sources. The June 30, 2018 expected arithmetic returns over the long-term (20 years) by asset class are summarized in the following table:

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

<u>Asset Class</u>	<u>Target Asset Allocation</u>	<u>Long-Term Expected Arithmetic Real Rate of Return</u>
<i>GROWTH</i>		
Global equity:		
US Equity	20.80%	6.43%
International Developed Equity	14.40%	6.72%
Emerging Markets Equity	4.80%	8.90%
Subtotal	40.00%	
Private Growth		
Private Equity	11.30%	9.08%
Non-Core Real Estate	2.20%	5.03%
Opportunistic Private Credit	1.50%	9.08%
Subtotal	15.00%	
<i>INCOME</i>		
High Yield Infrastructure	1.00%	3.81%
REITS	1.00%	5.03%
Liquid Credit	2.80%	3.81%
Private Credit	3.20%	3.81%
Subtotal	8.00%	
<i>STABILITY</i>		
Crisis Protection Class		
Treasury Duration	4.00%	0.61%
Systematic Trend	4.00%	4.00%
Subtotal	8.00%	
Inflation Protection		
Core Real Estate	3.60%	5.03%
Private Infrastructure	2.40%	5.61%
TIPs	1.00%	1.75%
Natural Resources	1.00%	3.81%
Subtotal	8.00%	
Volatility Protection		
IG Fixed Income	11.50%	2.12%
Absolute Return	6.50%	4.00%
Cash	3.00%	61.00%
Subtotal	21.00%	
Total	100.00%	

These return assumptions are then weighted by the target asset allocation percentage, factoring in correlation effects, to develop the overall long-term expected rate of return best-estimate on an arithmetic basis.

Discount rate - the discount rate used to measure the total pension liability was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from the employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

determine the total pension liability.

Sensitivity of the net pension liability (asset) to changes in the discount rate - the following presents the net pension liability (asset) calculated using the discount rate of 7.0 percent as well as what the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate.

	1% Decrease <u>(6.00%)</u>	Current Discount Rate <u>(7.00%)</u>	1% Increase <u>(8.00%)</u>

Pension plan fiduciary net position - detailed information about the pension plan's fiduciary net position is available in the separately issued ERSRI financial report.

Defined Contribution Plan Description

Employees participating in the defined benefit plan with less than 20 years of service as of June 30, 2012, as described above, also participate in a defined contribution plan authorized by General Law Chapter 36-10.3. The defined contribution plan is established under IRS section 401(a) and is administered by TIAA-CREF. Employees may choose among various investment options available to plan participants. Employees contribute 5% of their annual covered salary and employers contribute between 1% and 1.5% of annual covered salary depending on the employee's total years of service as of June 30, 2012. Employee contributions are immediately vested while employer contributions and any investment earnings thereon are vested after three years of contributory service. Benefit terms and contributions required under the plan by both the employee and employer are established by the General Laws, which are subject to amendment by the General Assembly.

Amounts in the defined contribution plan are available to participants in accordance with Internal Revenue Service guidelines for such plans. The WED recognized pension expense of \$224,367, for the fiscal year ended June 30, 2019.

The System issues a publicly available financial report that includes financial statements and required supplementary information for plans administered by the system. The report may be obtained at <http://www.ersri.org>.

City Police and Fire Employee Pension Plan

A. Plan description

Plan administration

The City Police and Fire Employee Pension Plan (the Plan) is a single employer defined benefit pension plan. Woonsocket Police Employees hired before July 1, 1980 and Fire Employees hired before July 1, 1985 participate in the Plan. The Plan was established in accordance with the Woonsocket City Charter and are considered part of the City's financial reporting entity. The Police and Firemen's Combined Retirement Fund of the City of Woonsocket acts as a common investment fund and administrative agent for the defined benefit plan. The Plan is administered by the Woonsocket Pension Financial Advisory Board. Plan amendments are subject to approval by City Council. The Plan is included as a pension trust fund (Fiduciary Fund) in the annual financial report.

The Plan's pooled investments may be used to pay benefits to members or beneficiaries of either plan. The plan does not issue separate, stand-alone financial reports.

Participant Membership

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

*Inactive plan participants as of July 1, 2019, the most recent actuarial valuation

Retirees and beneficiaries currently receiving benefits	167
Disabled employees currently receiving benefits	<u>47</u>
Total	<u><u>214</u></u>

*The plan has no active members and is closed to new participants

B. Plan provisions

Police plan:

All members of the permanent police department who were hired prior to July 1, 1980 were eligible to join the plan. The Plan provides retirement, death, and disability benefits. Participants in the Plan are eligible to retire at the later of attainment of age 65 or the completion of 20 years of service. Normal retirement benefits are equal to 60% of current annual salary plus 2% of salary for each year worked in excess of 20 years up to a maximum benefit of 70% of annual salary. Retirement benefits are payable in the form of a 66.7% joint and survivor annuity, if the participant is married at the retirement date, or a life annuity, if the participant is single at the retirement date. During the fiscal year, a cost of living provision was added to the plan.

Firemen's plan:

All members of the permanent fire department who were hired prior to July 1, 1985 were eligible to join the Plan. The Plan provides retirement, death, and disability benefits. Participants in the Plan are eligible to retire at the later of attainment of age 65 or the completion of 20 years of service. Normal retirement benefits are equal to 50% of current annual salary plus 2.5% of salary for each year worked in excess of 20 years up to a maximum benefit of 75% of annual salary. Retirement benefits are payable in the form of a 66.7% joint and survivor annuity, if the participant is married at the retirement date, or a life annuity, if the participant is single at the retirement date. During the fiscal year, a cost-of-living provision was added to the plan.

C. Contributions required

The City establishes contributions based on an actuarially determined contribution calculated by an independent actuary. The actuarially determined contribution is based on a 22-year contribution schedule targeted to fully fund the plan in that timeframe. The actuarially determined contribution is calculated in accordance with the Funding Improvement Plan developed by the Pension Study Commission.

The approved Contribution Schedule was revised with the budgeted FYE 2017 contributions.

Police plan:

Participants were required to contribute 7% of their annual salary.

Firemen's plan:

Participants were required to contribute 8% of their annual salary.

D. Investments

Investment policy. The pension plan's policy in regard to the allocation of invested assets is established and may be amended by the Police and Fire Pension Board by a majority vote of its members. It is the policy of the Police and Fire Pension Board to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes. The Pension Board periodically reviews the asset allocation and strategic objectives in light of market conditions, benefit payments, expenses, and expected contributions from the City of Woonsocket. The Pension Board adopted an asset allocation policy, which is a blend of Higher Risk, Lower Risk, and Liquidity assets. These blends translate into the following allocations:

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

Asset Class	Long-Term Target Allocation	Short-Term Target Allocation
Domestic equity	54.4%	29.2%
International equity	15.2%	3.6%
Fixed income	27.8%	35.4%
Cash	2.6%	31.8%
 Total	 <u>100%</u>	 <u>100%</u>

Concentrations. There were no investments in any one organization that represented 5% or more of the pension plans' net position.

Rate of return. For the year ended June 30, 2019, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 6.00%. The money-weighted rate of return expresses investment performance, adjusted for the timing of amounts actually invested.

E. Net pension liability

The City's net pension liability at June 30, 2019 is \$61,816,349. The components of the net pension liability were as follows:

Total pension liability	\$ 92,282,676
Plan fiduciary net position	<u>30,466,327</u>
Net pension liability	<u>\$ 61,816,349</u>
Plan fiduciary net position as a percentage of the total pension liability	<u>33.01%</u>

F. Actuarial Assumptions

Cost method	Entry age normal
Measurement date	June 30, 2019
Valuation date	July 1, 2019
Amortization method	Closed, 15 years remaining as of July 1, 2019, based on the Funding Improvement Plan.
Asset valuation method	Fair Market Value, adjusted to phase in gains and losses over a five-year period at a rate of 20% per year.
Mortality	RP2000 Mortality Table, projected to 2010 using Scale AA and then fully generational using Scale AA in future years. The mortality table is further modified to assume 115% of the male rates and 95% of the female rates.
Discount rate	6.04% per annum
Inflation	2.0% per annum
Salary projection	N/A - all participants are retired
Cost-of-living increase	Alternating 0% and 2% until fiscal year 2023, at which point the COLA is 2% each year until the plan becomes at least 80% funded, at which point the COLA is 3%.

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

Long term rate of return:

Best estimates of geometric nominal rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2019 (see the discussion of the pension plan's investment policy) are summarized in the following table:

<u>Asset Class</u>	<u>Long-Term Nominal Expected Rate of Return</u>
Domestic equity	10.4%
International equity	6.7%
Fixed income	3.9%
Cash	1.8%

I. Discount rate

The discount rate used to measure the total pension liability was 6.04%. The projection of cash flows used to determine the discount rate assumed that plan contributions are determined in accordance with the Funding Improvement Plan. Furthermore, it is assumed that the City will deposit 50% of the required contribution for year 1, 70% of the required contribution for year 2, 90% of the required contribution for year 3, and 100% thereafter. This 20% per year increase is allowable and required under the Funding Improvement Plan for plans not making the annual required contribution. The initial percentage of 50% was determined based on historical contribution rates.

Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members through the fiscal year ending June 30, 2040 (or 21 years out). At that point in time, the plan's expected fiduciary net position will be insufficient to satisfy benefit payments. Therefore, the long-term expected rate of return on pension plan investments (7.50%) was applied to years 1 through 20 (FY2019 – FY2040) of projected benefit payments and a bond rate of 3.50% was applied to projected benefit payments after the FYE June 30, 2039 to determine the total pension liability.

The bond rate of 3.50% is from the Bond Index Yield on June 30, 2019. It reflects 20-year, tax-exempt general obligation municipal bonds with an average rating of AA.

CITY OF WOONSOCKET, RHODE ISLAND

12. Defined Contribution Plan Description

Certain employees participating in the defined benefit plan, as described above, may also participate in a defined contribution plan authorized by General Law Chapter 36-10.3. The defined contribution plan is established under IRS section 401(a) and is administered by TIAA-CREF. Employees may choose among various investment options available to plan participants. Employees contribute 1 to 1.5% of their annual covered salary and employers contribute 5% of annual covered salary. Employee contributions are immediately vested while employer contributions and any investment earnings thereon are vested after three years of contributory service. Benefit terms and contributions required under the plan by both the employee and employer are established by the General Laws, which are subject to amendment by the General Assembly.

Amounts in the defined contribution plan are available to participants in accordance with Internal Revenue Service guidelines for such plans.

The City of Woonsocket recognized pension expense of \$557,337 for the fiscal year ended June 30, 2019.

The System issues a publicly available financial report that includes financial statements and required supplementary information for plans administered by the system. The report may be obtained at <http://www.ersri.org>.

13. Other Post-Employment Benefit Plan

A. Plan description

The City provides post-retirement healthcare benefits (health and dental insurance) in accordance with various union contracts. The plan does not issue stand-alone financial reports.

B. Benefit provisions and contributions

Benefit Provisions

Police and Firefighters with at least 25 years of continuous service to the City and qualified for normal retirement under the provisions of the Employee Retirement System of Rhode Island (ERSRI), or those with twenty (20) years of continuous service and “grandfathered” by ERSRI pursuant to the State’s pension reform act, are eligible upon retirement to receive post-retirement healthcare according to the following provisions:

- Police and firefighters hired on or before June 30, 2014 are eligible for either one or two individual healthcare plan(s) with a 20% employee co-share or one family plan with a 25% employee co-share. Upon reaching the age of 65, plan participants convert to Medicare and receive a Medicare supplement plan with a 20% employee co-share.
- Police and firefighters hired on or after July 1, 2014 are eligible for one individual healthcare plan for a period not to exceed 10 years with a 50% employee co-share. Upon reaching the age of 65, plan participants will convert to Medicare and receive a Medicare supplement plan with a 20% employee co-share.
- Police hired before July 1, 1980 and firefighters hired before July 1, 1985 are not subject to the normal retirement provisions of ERSRI and are eligible to receive an individual or family healthcare plan with no employee co-share. Upon reaching the age of 65, plan participants will convert to Medicare and receive a Medicare supplement plan with no employee co-share.

City employees with at least 25 years of continuous service to the City and qualified for normal retirement under the provisions of ERSRI are eligible upon retirement to receive post retirement healthcare according to the following provisions.

- City employees hired on or before June 30, 2012 will receive one individual healthcare plan for a period not to exceed 6 years with a 20% employee co-share. Upon reaching the age of 65, plan participants will convert to Medicare and receive a Medicare supplement plan with a 20% employee co-share.
- City employees hired on or after July 1, 2012 will receive one individual healthcare plan for a period not to exceed 6 years with a 50% employee co-share. Upon reaching the age of 65, plan participants will convert to Medicare and receive a Medicare supplement plan with a 50% employee co-share.

Teachers employed by the WED with at least 28 years of ERSRI employment of which 20 years are with the

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

WED, or teachers who have at least 25 years of continuous coverage with the WED, are eligible for one individual healthcare plan upon retirement for a period not to exceed 6 years or until the retiree reaches age 65 and is eligible for Medicare. Teachers whose employment with the WED commences on or before June 30, 2013 are subject to an employee co-share of 20%, and for those whose employment with the WED commences on or after July 1, 2013 the employee co-share is 50%.

Teachers with at least 32 years of ERSRI employment of which 20 years are with the WED are eligible for an individual healthcare plan plus spouse-or-child coverage for a period not to exceed 6 years or until the retiree reaches age 65 and is eligible for Medicare. For teachers whose employment with the WED commences on or before June 30, 2013 the employee co-share is 20%, and for those whose employment with the WED commences on or after July 1, 2013 the employee co-share is 50%.

Teachers who retire with at least 35 years of ERSRI employment of which 25 years are with the WED are eligible for a Medicare supplement with a 20% co-share.

Paraprofessionals working for the WED who are able to retire on a pension under ERSRI are eligible for post retirement healthcare according to the following provisions:

- Paraprofessionals with 28 years of ERSRI employment and 20 years as a paraprofessional with the WED are eligible upon retirement for one individual healthcare plan for a maximum period of six years or until they reach age 65 and are eligible for Medicare. For paraprofessionals whose employment with the WED commences on or before June 30, 2013 the employee co-share is 20%, and for those whose employment with the WED commences on or after July 1, 2013 the employee co-share is 50%.
- Paraprofessionals with 32 years of ERSRI employment and 20 years as a paraprofessional with the WED are eligible upon retirement for two individual healthcare plans for a maximum period of six years or until they reach age 65 and are eligible for Medicare. For paraprofessionals whose employment with the WED commences on or before June 30, 2013 the employee co-share is 20%, and for those whose employment with the WED commences on or after July 1, 2013 the employee co-share is 50%.
- Paraprofessionals with 35 years of ERSRI employment and 25 years as a paraprofessional with the WED are eligible upon retirement and reaching age 65 to receive a supplemental Medicare plan with a 20% employee co-share.

General WED employees and support staff who retire under the provisions of the ERSRI who have completed at least 25 years of service with the WED are eligible upon retirement for one individual healthcare plan for a maximum period of 6 years or until they reach age 65. Employees hired by the WED on or before June 30, 2013 are responsible for a 20% employee co-share and those hired on or after July 1, 2013 have a 50% employee co-share. Employees retiring on or after July 1, 2013 with thirty-five years of service are provided with a Medicare supplement plan with a 20% employee co-share.

The City manages OPEB benefits on a pay-as-you go basis. The WED has established a trust fund for the purpose of holding assets for the payment of benefits to eligible plan members.

Employer Contributions

The City's contributions are actuarially determined on an annual basis using the projected unit credit method.

Employee contributions

There are no employee contributions to the plan.

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

*June 30, 2019***G. Actuarial methods and assumptions**

Projections of benefits are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits in force at the valuation date and the pattern of sharing benefit costs between the employer and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and plan members in the future. Actuarial calculations reflect a long-term perspective. Consistent with that perspective, actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarially accrued liabilities and the actuarial value of assets.

The data presented in the schedules of funding progress and schedules of contributions were determined as part of the actuarial valuation at the date indicated. Additional information for all plans as of the latest valuation date is as follows:

Description	Assumptions (City Plan)
Valuation Date:	July 1, 2017
Measurement Date:	June 30, 2019
Reporting Date:	June 30, 2019
Actuarial Cost Method:	Entry Age Actuarial Cost Method

H. Discount rate

The discount rate used to measure the total OPEB liability was 3.50 percent for both the City and School plans at June 30, 2019. The projection of cash flows used to determine the discount rate assumed that City and School contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

I. Sensitivity of the net OPEB liability to changes in the discount rate

The following presents the net OPEB liability of the City and School, as well as what the City and School's total OPEB liability and net OPEB liability would be if it were calculated using a discount rate that is 1-percentagepoint lower or 1-percentage-point higher than the current discount rate:

	<u>City Plan</u>		
	<u>Impact of 1% Change in Discount Rate</u>		
	1% Decrease (2.50%)	Current discount rate (3.50%)	1% Increase (4.50%)
Total OPEB liability	\$ 158,777,720	\$ 133,715,189	\$ 114,382,140

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

School Plan

	Impact of 1% Change in Discount Rate		
	1% Decrease (2.50%)	Discount Rate (3.50%)	1% Increase (4.50%)
Net OPEB Liability	\$ 34,073,722	\$ 28,423,597	\$ 23,970,700

J. Sensitivity of the net OPEB liability to changes in the health care trend rate

The following presents the net OPEB liability of the City and School plans, as well as what the City and School's total OPEB liability and net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1- percentage-point higher than the current healthcare cost trend rates:

City Plan

	Impact of 1% Change in Healthcare Trend Rate		
	1% Decrease (5.50%) decreasing to 4.00%)	Current trend rate (6.50%) decreasing to 5.00%)	1% Increase (7.50%) decreasing to 6.00%)
Total OPEB liability	\$ 113,153,284	\$ 133,715,189	\$ 160,536,833

School Plan

	Impact of 1% Change in Healthcare Cost Trend Rates		
	1% Decrease (5.50% decreasing to 4.00%)	Current trend rate (6.50% decreasing to 5.00%)	1% Increase (7.50%) decreasing to 6.00%)
Net OPEB Liability	\$ 23,626,583	\$ 28,423,597	\$ 34,755,049

K. Deferred outflows and inflows of resources

For the year ended June 30, 2019 *the City* recognized OPEB expense of \$7,768,435. At June 30, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<u>Deferred outflows of resources</u>	
Changes in assumptions	<u>\$ 6,272,508</u>
<u>Deferred inflows of resources</u>	
Changes in assumptions	<u>\$ 4,238,416</u>
 Total	 <u>\$ 2,034,092</u>

Deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

Year ended June 30:

2020	\$ 609,341

The City provides tax abatements through three programs. Additional details on each program are outlined below:

Program No. 1: 97-R-114 Tax Treaty with CVS

Purpose: Pursuant to RIGL 42-64-13(e) and 42-64-20, CVS, the Rhode Island Commerce Corporation and the City of Woonsocket agreed that it is in the public interest that it brings CVS headquarters to the City to substantially increase the tax base of the City, provide significant tax revenues to the City, creates substantial employment opportunity for residents of the City, and substantially enhances property values in the City as well as the overall economic climate of the City.

Type of Abatement: Real Estate Property Tax relief

Authority: Local resolution 97-R-114, pursuant to RIGL 42-64-13(e) and 42-64-20

Criteria: Enabling legislation, adopting ordinance

Procedure: Tax Stabilization payment schedule as outlined/approved in the treaty

Tax Determination: Fixed schedule

Provision for recapturing abated taxes: N/A

Additional commitments made by the City other than to reduce taxes: N/A

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

Program No. 2: Job Creation Incentive Program (JCIP or JoCIP)

Purpose: To promote the diversification and expansion of the manufacturing base. To expand employment opportunities with competitive wages, and safe, quality working environments. To retain existing businesses and to attract new businesses to the City so as to create a strong and stable economy. To attract quality companies into Highland Corporate Park and elsewhere in the City that will create quality employment opportunities for area residents, to encourage property owners to actively market their properties to quality tenants who will create job opportunities for area residents.

Type of Abatement: Future Real Estate Property Tax relief

Authority: Local resolution, pursuant to Rhode Island General Law § 44-3-9.1

Criteria: Eligible commercial and manufacturing buildings

Procedure: The Job Creation Incentive Program does not abate or reduce any current tax assessments but would provide a 'phase-in schedule' of new tax assessment that results from new construction or the substantial renovation of industrial or commercial facilities.

Tax Determination: Fixed schedule

Provision for recapturing abated taxes: N/A

Additional commitments made by the City other than to reduce taxes: N/A

Program No. 3: 5 + 5 Program

Purpose: To promote the diversification, expansion and improvement of the residential tax base by substantially improving vacant and/or properties in need of a substantial rehabilitation

Type of Abatement: Future Real Estate Property Tax relief

Authority: Local resolution, pursuant to Rhode Island General Law § 44-3-9.1

Criteria: Residential properties

Procedure: The 5+5 Program provides a 'phase-in schedule' of tax

Tax Determination: Fixed schedule

Provision for recapturing abated taxes: N/A

Additional commitments made by the City other than to reduce taxes: N/A

CITY OF WOONSOCKET, RHODE ISLAND

Notes to the Financial Statements

June 30, 2019

15. Subsequent events

For the purposes of determining the effects of subsequent events on these financial statements, management has evaluated events which have occurred subsequent to June 30, 2019 and through February 18, 2020, the date on which the financial statements were available to be issued. The following represents these subsequent events:

On November 26, 2019, Fitch Ratings affirmed with a “Positive Outlook” the City’s investment grade “A” general obligation bond rating.

On July 2, 2019, Rhode Island Supreme Court in the case of *Hebert vs. The City of Woonsocket* vacated the February 4, 2016 judgment of the Rhode Island Superior Court that had determined that the City and its Budget Commission had improperly modified or cancelled police retiree’s health benefits and that such benefits should be immediately restored. The Supreme Court remanded the case back to Superior Court with instructions that appear favorable to the City. Though negotiations between the City and the plaintiff group are still in process the City believes that it will be able to collect in-full any unpaid medical plan co-shares from the plaintiffs. Additionally, while the City may at some yet to be determined future date have to eliminate the medical plan deductibles for members of the plaintiff group who are under the age of 65, it does not appear that there will be any liability for the City to repay deductibles incurred by these members for prior years. As of June 30, 2019, the City had a recorded liability of \$757,463 in the financial statements in the event of a negative ruling from the Supreme Court.

On June 26, 2019, the City and Prime Healthcare Services – Landmark LLC (Prime) entered into a four year agreement where Prime will annually make a \$500,000 payment to the City. The initial \$500,000 payment will commence in the fiscal year beginning July 1, 2019 and ending June 30, 2020. The agreement allows Prime to annually choose between providing a lump sum payment of \$500,000 or four equal quarterly payments of \$125,000. For the fiscal year beginning July 1, 2019, Prime has chosen to make the four quarterly payments of \$125,000. On December 15, 2017, the Director of the Rhode Island Department of Health had approved the application allowing Prime to transfer Woonsocket based Landmark Medical Center (Landmark) into the Prime Healthcare Foundation Inc., the company’s charitable foundation. This action was effective as of January 1, 2018 and converted Landmark from a “for profit” entity to a “non profit” entity exempt from local taxation for the fiscal year beginning July 1, 2019. Due to Prime’s conversion to a non-taxpaying status the City will be eligible to recoup a portion of its lost property taxes from Prime from the state’s Payment in Lieu of Taxes Program (PILOT) starting with the fiscal year beginning July 1, 2019. The City’s 2018 property tax certification for Landmark was \$1,594,650.

CITY OF WOONSOCKET, RHODE ISLAND
Notes to Statement of Revenues, Expenditures and Changes in Fund Balance
Budget and Actual (Non-GAAP Budgetary Basis)
For the Year Ended June 30, 2019

Adoption:

The budget is adopted for the General Fund on a legally enacted budgetary basis which differs from accounting principles generally accepted in the United States of America (U.S. GAAP) in several regards. Budget is adopted on the modified accrual basis of accounting, except that budgetary expenditures include encumbrances in the year incurring the commitment to purchase, and budgetary revenues include subsidies from fund balance previously recognized under U.S. GAAP.

Encumbrances are not liabilities and, therefore, are not recognized as expenditures under U.S. GAAP until receipt of materials or services. For budgetary purposes, unencumbered and unexpended appropriations lapse at year end and outstanding encumbrances are included in the budgetary expenditures in the year committed. The City reserves a portion of fund balance in the governmental fund financial statements equal to outstanding encumbrances at year end.

A reconciliation of revenues and expenditures between the accounting treatment required by GAAP and budgetary requirements is as follows:

	General Fund
Excess (deficiency) of revenues and other sources over expenditures and other uses (Non-GAAP Budgetary Basis) - City	\$ 467,593
Excess (deficiency) of revenues and other sources over expenditures and other uses (Non-GAAP Budgetary Basis) - School	\$ 83,160
Excess (deficiency) of revenues and other sources over expenditures and other uses (Non-GAAP Budgetary Basis) - Total City and School	\$ 550,753
Education Department revenues and expenditures reported in the General Fund for budget purposes	
Revenues (Education Department)	(65,633,175)
Expenditures (Education Department)	65,550,015
Net Education Department reported in general fund	(83,160)
Activity from funds consolidated with the General Fund for financial reporting	(2,837)
Activity on the Non-GAAP basis that is presented as revenues or financing sources, whereas for GAAP, no revenue is present (includes "transfer to underutilized tax collections")	(1,158,029)
Paydown of GO Bonds dated May 26, 2005 related to the closure of the Davison Avenue Landfill. On the GAAP basis, this amount directly reduced fund balance, contributing to the loss presented on the GAAP basis (19-O-13)	(2,560,875)
Excess (deficiency) of revenues and other sources over expenditures and other uses (GAAP)	\$ (3,254,148)

Required Supplementary Information

Employees' Retirement System of Rhode Island

Notes to the Pension Schedules

For the Year Ended June 30, 2019

The amounts presented for each fiscal year were determined as of the June 30 measurement date prior to the fiscal year end. The schedules are intended to show information for 10 years – additional years will be displayed as they become available.

Employers participating in the *State Employee's Retirement System* are required by RI General Laws, Section 36-10-2, to contribute an actuarially determined contribution rate each year.

Employers participating in the *Municipal Employee's Retirement System* are required by RI General Laws, Section 45-21-42, to contribute an actuarially determined contribution rate each year.

Employers participating in the *Teachers' Survivors Benefit Plan* contribute at a rate established by RI General Laws, Section 16-16-35.

June 30, 2018 measurement date –

There were no changes in actuarial methods or assumptions reflected in the calculation of the net pension liability (asset) of the plans as of the June 30, 2018 measurement date compared to the June 30, 2017 measurement date.

Required Supplementary Information

**Police and Fire Employee Pension Plans
Notes to the Pension Schedules**

June 30, 2019

Changes of benefit terms	None
Change in assumptions	Discount rate decreased from 6.20% to 6.04%
Method and assumptions used in calculation of actuarially determined contributions (the ADC)	Actuarially determined contribution rates are calculated as of July 1, one year prior to the end of the fiscal year

The following actuarial methods and assumptions were used to determine the contribution rates reported in that schedule:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Closed, based upon the Funding Improvement Plan
Remaining Amortization Period	15 years as of July 1, 2019
Asset Valuation Method	Fair value, 5 year smoothed (20% per year)
Inflation	2.00%
Salary Increases	N/A - no active participants
Investment Rate of Return	7.5%, net of pension plan investment expense, including inflation
Cost of Living Increases	Alternating 0% and 2% until fiscal year ended 2023, at which point the COLA is 2% each year until the plan becomes at least 80% funded, at which point the COLA becomes 3%.

June 30, 2019

Notes to Required Supplementary Information (City Plan):

Valuation Date:	July 1, 2017
Measurement Date:	June 30, 2019
Reporting Date:	June 30, 2019
Actuarial Cost Method:	Entry Age Normal Level
Asset-Valuation Method:	N/A (No Trust assets)

Actuarial Assumptions:

Investment Rate of Return:	3.50%, net of OPEB plan investment expense
Medical inflation:	For medical/rx benefits, the trend rates pre-65 start at 7.00% and decrease 0.50% annually to an ultimate rate of 5.00% and post-65 remains at a flat rate of 5.00%
Salary Increases:	2.50% annually as of June 30, 2019 and for future periods
Pre-Retirement Mortality:	RPH-2014 total dataset mortality table projected using scale MP-2017
Assumed rate of retirement:	55-66 25%, 67+ 100%
Marriage assumptions:	75% assumed to be married with male spouses assumed three years older and female spouses three years younger

Notes to Required Supplementary Information (School Plan):

Valuation Date:	July 1, 2017
Measurement Date:	June 30, 2019
Reporting Date:	June 30, 2019
Actuarial Cost Method:	Entry Age Actuarial Cost Method

Actuarial Assumptions:

Investment Rate of Return:	3.50%
Health Care Trend Rates:	7.00% trending to an ultimate rate of 5.00%
Mortality:	RPH-2014 Total Dataset mortality table, projected with Scale MP-2017
Retirement Rates:	Ages 55-66, Rate 25%; Ages 67+, Rate: 100%
Marriage Assumptions	75% of the active employees who elect retiree health care coverage for themselves would also elect coverage for their spouse upon retirement. It was assumed that male spouses are three years older than their wives and female spouses are three years younger than the retiree. For current retirees, actual census information was used.
Salary Increases:	2.50% per annum

Notes to Statement of Revenues, Expenditures and Changes in Fund Balance
Budget and Actual (Non-GAAP Budgetary Basis)
For the Year Ended June 30, 2019

A reconciliation of revenues and expenditures between the accounting treatment required by GAAP and budgetary requirements is as follows:

	<u>School Unrestricted</u>
Excess (deficiency) of revenues and other sources over expenditures and other uses (Budgetary Basis)	\$ 83,160
Activity from funds consolidated with the Unrestricted fund for GAAP financial reporting	<u>116,912</u>
Excess (deficiency) of revenues and other sources over expenditures and other uses (GAAP Basis)	<u><u>\$ 200,072</u></u>

See Independent Auditor's Report

General Fund

The general fund is the principal fund of the City and is used to account for all activities of the City, except those required to be accounted for in another fund. The general fund accounts for the normal recurring activities of the City (i.e., general government, public safety, public works, health, social services, recreation, education, etc.). These activities are funded principally by property taxes, user fees and grants from other governmental units.

Non-Major Governmental Funds

Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

Capital Projects Funds

Capital projects funds are used to account for specific resources that are committed to expenditures associated with capital asset development.

Permanent Funds

Permanent funds are used to account for resources legally held in trust for specific functions, normally provided by governments. In most cases, only the earnings on the principal can be expended.

Fiduciary Funds

Fiduciary funds are used to account for assets held by the City in a trustee capacity for individuals, private organizations or other governments.

Private-Purpose Trust Funds

A fiduciary trust fund type used to report all trust arrangements, other than those properly reported in pension trust funds or investment trust funds, under which principal and income benefit individuals, private organizations, or other governments.

Agency Funds

Agency funds are used to report resources held by the reporting government in a purely custodial capacity (assets equal liabilities).

Annual Supplemental Transparency Portal (MTP2)
For the Year Ended June 30, 2019

Notes to Supplementary Information – Annual Supplemental Transparency Report (MTP2)

NOTE 1. Basis of Presentation

The *Annual Supplemental Transparency Report (MTP2)* is a supplemental schedule required by the State of Rhode Island General Laws 45-12-22.2 and 44-35-10. This supplementary schedule included within the audit report is part of a broader project to create a municipal transparency portal (MTP) website to host municipal financial information in a centralized location.

The format of the *Annual Supplemental Transparency Report (MTP2)* was prescribed by the State Department of Revenue (Division of Municipal Finance), Office of the Auditor General, and the Department of Education.

NOTE 2. Reportable Government Services

Data consistency and comparability are among the key objectives of the State’s Municipal Transparency portal. Consistent with that goal, the State has defined “reportable government services”, RGS, to include those operational revenues, expenditures, and transfers related to activities which are essential to the achievement of municipal operations. The determination of RGS may be different from the activities included within the legally adopted budget of the municipality. In practice, some communities report certain RGS in separate funds (e.g., special revenue funds, enterprise funds) rather than the municipality’s general fund. The *Annual Supplemental Transparency Report (MTP2)* includes a reconciliation to the fund level statements.

NOTE 3. Allocations

The State reporting requires expenditures to be reported by departments, as defined by the State. Some of the departmental groupings are not consistent with the departments reflected in the City’s (or Town’s) budget and accounting system. To report these costs, the City (or Town) made allocations of costs to the State’s departmental groupings based on a reasonable basis.

NOTE 4. Employee Groups - Compensation and Benefit Costs

Compensation includes salaries, longevity, stipends, clothing allowance/maintenance, shift differential, out-of-rank, holiday pay and bonuses.

For Public Safety departments (i.e., police, fire, and centralized dispatch) and the Education Department, compensation and most benefits costs are reported in the following employee groupings:

Group A: This group consists of employees who serve the primary function of the department.

- Police Department - police officers (e.g., uniform personnel - including, leadership positions)
- Fire Department - fire fighters (e.g., uniform personnel - including, leadership positions)
- Centralized Dispatch Department - civilian dispatchers only
- Education Department - professional staff providing direct services to students
- For the remaining departments - all employees’ compensation and benefits are reported under Group A

Group B: For Police and Fire Departments, compensation and benefits paid to its administrative employees and civilian dispatch employees are reported under Group B. The Education Department reports compensation and benefits paid to executive/mid-level educational administration employees under Group B.

Group C: This group is only used for the Education Department and it includes administrative and support staff.

CITY OF WOONSOCKET, RHODE ISLAND
Supplementary Information
Annual Supplemental Transparency Portal (MTP2)
For the Year Ended June 30, 2019

NOTE 4. Employee Groups - Compensation and Benefit Costs (continued)

Other post-employment benefits (OPEB) are not reported by employee groups on the MTP2. They are reported in total as either (1) contributions to a qualified OPEB trust or (2) the amount paid for medical and dental insurance for retirees when an OPEB trust fund has not been established. The detail employee group information for the Education Department can be found on the State's Municipal Transparency portal website.

NOTE 5. Education Revenue and Expenditures

The revenues and expenditures presented on the MTP2 under the Education Department is consistent with existing Uniform Chart of Accounts (UCOA) guidelines. Each MTP account code has been mapped to the corresponding UCOA code or group of UCOA codes to facilitate the preparation of the MTP reporting.

Additional guidance and definitions regarding the State's Municipal Transparency Portal can be found on the State Division of Municipal Finance website: <http://www.municipalfinance.ri.gov/>.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the City Council of the City of Woonsocket, Rhode Island:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Woonsocket, Rhode Island ("the City"), as of and for the year ended June 30, 2019 and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated February 18, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
